

IAR Upcoming Releases Update

November 17, 2006 Release

1. Develop new Simple List of Applications screen (screenshot below)
 - a. Summary view of all applications in the meeting with drill down capability per application to all features supported by existing List of Applications screen
 - b. Accessible from Control Center or List of Meetings
2. Standardize Navigation Links across all IAR screens
 - a. Will provide easy access to any screen from anywhere
 - b. Minimize need to navigate to List of Applications by adding links to List of Meetings and Control Center
3. Add Sort on Order of Review to all screens
4. Identify Mail Reviewers on Control Center
5. IAR Invitation Email Subject Line will include Meeting Title
6. List of Meetings will not show old meetings which do not have Meeting Start Date, or Meetings that have passed with no IAR phases set
7. Subproject grant number will now have a hyperlink to the parent application grant folder
8. IAR should treat the Conflict set in Peer Review as "i" (Ignore Conflict) as No Conflict.
9. Increase URL field to 500 characters in Meeting Materials
10. Reduce database load from List of Applications screen
