Introduction

Overview

The eRA Internet-Assisted Review (IAR) system is a Web-based system to manage the process of electronic submission of critiques by reviewers. IAR expedites the scientific review of grant applications by standardizing the current process of critique and initial priority score submissions by reviewers via the Internet. IAR enables reviewers to submit critiques and view each other's reviews before the actual meeting. As a result, review meetings can contain more informed discussions because reviewers are able to read the evaluations entered by others prior to the review meeting (except where there is a conflict of interest).

Using the IAR Module

IAR Reviewer capabilities include:

- electronically submit critiques and preliminary scores prior to scheduled meetings
- review the critiques submitted by others online
- modify critiques after the scheduled meeting
- maintain personal information (single point of ownership)
- acceptance of critiques in Microsoft Word (*.doc) or plain text (*.txt) format

IAR Phases

The IAR process included the following phases:

- **Submit**— Reviewers log in and submit critiques and preliminary scores for their applications. During this phase you only see your assigned applications. The phase end date is the Critique due date.
- **Read**—Time period after the Submit phase (the Submit phase end date determines the start of the Read Phase). After submission deadline, Reviewers may read other Reviewer's critiques. If a reviewer has not submitted, the SRA may block the Reviewer from reading until he

submits his own. During the Read phase, except where in conflict or blocked, you can see all applications and may read all critiques. At the end of the Read phase, the actual meeting is usually held.

- **Edit**—Your SRA/GTA determines whether or not to hold the optional Edit Phase which follows the Read phase. In this phase, you can correct/resubmit your critiques based on comments in the meeting or can post critiques for unassigned applications. At the end of the phase, the meeting in IAR goes back to Read Phase until assignments are manually purged or the Assignment Purge date is reached (the purge date is set automatically for 15 days after the meeting release date). After assignments are purged, you will lose access to the meeting.

Creating/Accessing an IAR Account

In order to access IAR Reviewers must:

- have an NIH Commons account in order to access IAR
- be listed on the official Meeting Roster (the reviewer must be a real person with person_id, no placeholders)
- have an email address on their profile MLG

Your SRA/GTA grants you access to utilize IAR to submit and view critiques for applications in meetings. When this occurs, you receive an email informing you of your ability to access IAR. If you do not have an IAR account, the email directs you to create a new IAR account. If you already have an IAR account, you are directed to access the eRA Commons Login page.

To create a new account:

1. Click the hyperlink in the email to open the NIH eRA Commons and the Create New Account page.
2. In the account form, enter the requested information noting the following:
 - If a field name is followed by an asterisk (*), it is a required field.
 - The username has a 6 character minimum and a 20 character maximum.
 - Passwords must contain a minimum of six characters. For additional protection, include a combination of letters and numbers.
3. Click **Submit** to enter the information. After your account information has been reviewed and authorized, you will receive a notification email containing the URL to the NIH eRA Commons Login page.

NOTE: To access IAR if you already have an IAR account or once you receive the notification email, see Introduction: *Logging On To IAR*.

Logging On To IAR

To log on to IAR, access IAR via the NIH eRA Commons. NIH eRA Commons is a web-based system that allows principal investigators (PIs) and central research administration offices to communicate and send information electronically. To access the NIH eRA Commons you must be registered as a user. Contact your Office of Sponsored Programs or Office of Clinical Research representative for information about registering.

Any registered user with a Web browser (Internet Explorer 5.01 or greater or Netscape 4.7 or greater) and Internet access can log on to the application. Other Web browsers are also supported, but some functionality may be lost.

To log on to IAR:

1. Open your web browser.
2. In the Address/Location field of your web browser, type <https://commons.era.nih.gov/commons/> and then press Enter. The eRA Commons Login Page (Figure 1) appears.

The screenshot shows the eRA Commons login page. The 'Commons Login' section is circled in red. It contains the following text:

Commons Login

System Notification

If you are an IAR reviewer please do not wait until the last possible moment to activate your account. It is sent to you approximately 6 weeks in advance so if there are issues with your account there is plenty of time to clear them up. Waiting until a day or so before the review is due can affect your account activation. If you believe you already have an account then please test it weeks before the time due. Thank you for your cooperation and we hope to keep account issues to an absolute minimum, with your help we can achieve this goal.

Very Important! When trying to contact the eRA Helpdesk make sure you are using the correct contact information. Many users have erroneously been contacting the NIH Helpdesk which does not support the eRA Commons. Our contact information is as follows: Web: <http://era.nih.gov> Email: commons@od.nih.gov Phone: 301-402-7469/866-504-9552 (Toll Free) 301-451-6939 (TTY) Business hours M-F 7am-8pm EST. This will help us to help you better, thanks.

Figure 1: eRA Commons Login Page

3. In the **Username** field, type your eRA Commons username.
4. In the **Password** field, type your eRA Commons password.

NOTE: For security purposes, eRA Commons user passwords expire and must be reset. If your password is soon to expire, a "password close to expiration" message is generated when you log in.

If you get this notification, you will be directed to select a new password. When you change your password, you do not need to notify anyone.

- Click **Login** (or press **Enter**). The eRA Commons Home page appears.

NOTE: You can only access eRA Commons for one session at a time. If you attempt to log in to another session, using a second browser instance, the system gives you the option of either terminating the first session or canceling the request.

- Select the **Internet Assisted Review** access tab. The **IAR List of Meetings** page (IAR0001) appears (Figure 3).

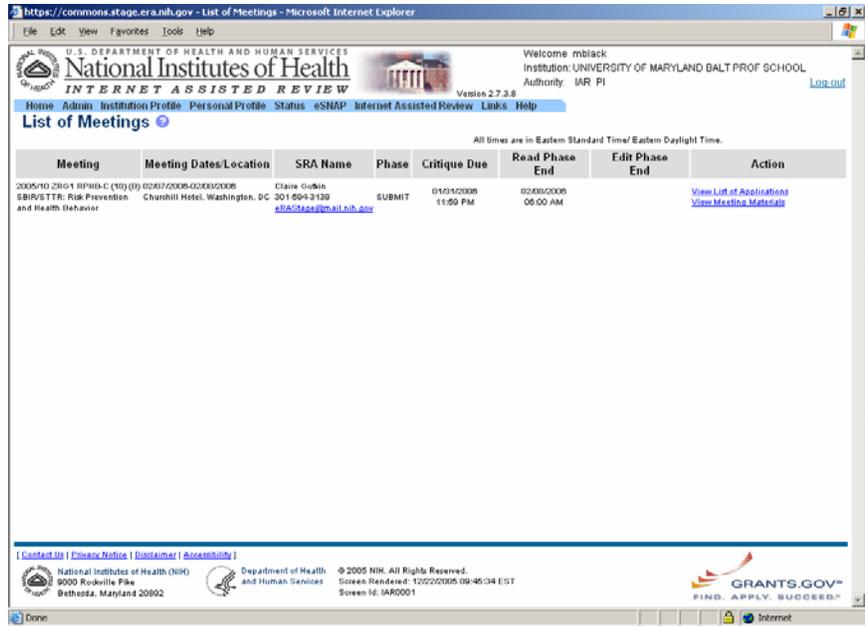

Figure 3: IAR Main Page

Logging Out of IAR

To log out of IAR:

- Select the [Log-out](#) hypertext link located at the top of each page.

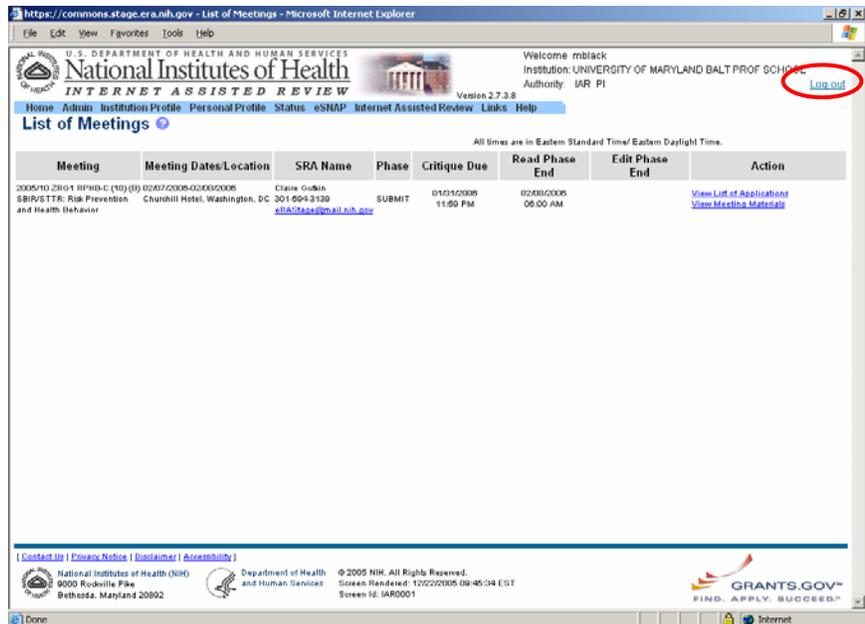

Figure 4: Select the Log-out hypertext link to log out of the IAR System

Expired Session

Your IAR session expires after 45 minutes of inactivity. Five minutes before expiration, an expiration message is displayed. Click **Keep Session** to resume your work or **Abandon Session** to force your account to log out.

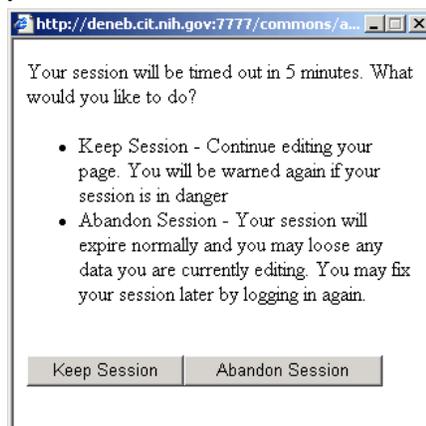

Figure 5: Select Abandon Session to log out of the IAR System

If your session expires while the NIH eRA Commons is open, because you did not respond to the expiration message within the allotted five minutes, you will experience errors or lost functionality in the system (such as disappearing buttons, Internal Server Error 500, pages displaying with no data, or prompts to log in again). If any of these problems occur, close your Web browser window and then reopen it to log in and start a new session.

List of Meetings

The IAR Home Page

When you log on to IAR, the IAR **List of Meetings** Screen (IAR0001, shown in Figure 6) appears with the navigation menu displayed across the top of the screen.

The screenshot shows the IAR List of Meetings screen. At the top, there is a navigation menu with links: Home, Admin, Institution Profile, Personal Profile, Status, eSNAP, Internet Assisted Review, Links, and Help. A 'Help Button' is also visible. Below the navigation menu is a table of meetings. The table has columns: Meeting, Meeting Dates/Location, SRA Name, Phase, Critique Due, Read Phase End, Edit Phase End, and Action. The first row of the table contains the following information:

| Meeting | Meeting Dates/Location | SRA Name | Phase | Critique Due | Read Phase End | Edit Phase End | Action |
|--|---|--|--------|------------------------|------------------------|----------------|---|
| 2005/10 2R04 RPHS-C (10) (1) SUBR01TR: Risk Prevention and Health Behavior | 02/07/2006-02/08/2006 Chancellor Hotel, Washington, DC | Claine Guibin 201 604-3129 sra@stage.nih.gov | SUBMIT | 01/17/2006 11:50 PM | 02/08/2006 06:00 AM | | View List of Applications View Meeting Materials |

At the bottom of the page, there is a 'Grants.gov link' and a footer with contact information for the National Institutes of Health (NIH) and the Department of Health and Human Services.

List of Meetings Block

The following information is included on the **List of Meetings** block:

- **Meeting-** Includes the meeting identifier and title.

Meeting identifier is made up of seven fields: Council Date, IRG (SRG) Code, IRG (SRG) Flex Code, SRA Designator Code, SRA Flex Code, Group Code, Group Extension Code, and the Workgroup Number.

Meeting title indicates the title of the meeting or panel name if the meeting is a SEP.
- **Meeting Dates/Location-** Identifies the meeting start and end date, hotel name, city and state of meeting location.
- **SRA Name-** First and last name, work telephone number, and work email address of the SRA. SRA email address is a hypertext link that can be selected in order to send an email directly to the SRA.
- **Phase-** The current IAR Phase for the meeting.
- **Critique Due-** Lists the date and time the application critiques are due. This is considered the phase end date.
- **Read Phase End-** The Read phase end date and time.
- **Edit Phase End-** The Edit phase end date and time.
- **# of Appls-** The number of applications scheduled for review in the listed meeting.
- **Action-** Hypertext link that allows access to the **List of Applications** page.

Meeting Materials

To view meeting materials:

1. Log in to IAR to access the **List of Meetings** screen as described in *Logging On To IAR* on page 3.

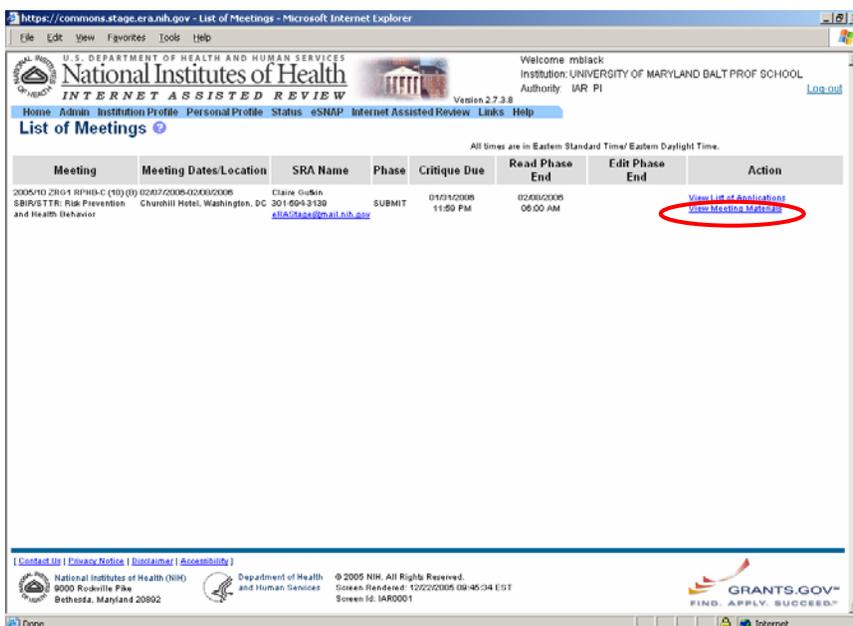

Figure 7: List of Meetings Screen (IAR0001)

2. Select the [View Meeting Materials](#) hypertext link. To access the **Meeting Materials** screen (Figure 8).

3. To view details of any of the meeting materials select the [View](#) hypertext link in the **Action** column.

A listing of all the meeting materials associated with the selected meeting, appears.

List of Applications

Overview

The List of Applications page lets you view information about the applications in your meeting and provides access to actions such as submitting and viewing critiques. The data viewed on the List of Applications page is customized based on the current IAR phase and the type of reviewer you are. By default, the page initially shows only applications assigned to you but it provides access to show all applications in the meeting if your SRA/GTA has opened the meeting for unassigned critiques or comments to be posted.

Note:

Mail reviewers can only see their own assigned applications.

By default, you are blocked from reading application critiques submitted by other reviewers before you submit your own critique. This default may be changed for selected reviewers by the SRA/GTA.

Applications with conflicts are marked COI and have no links available for submitting, deleting, or viewing a critique.

Accessing the List of Applications Screen

The **List of Applications** screen lists all applications assigned to you. Each application has a link for submitting critique. Details concerning the available information according to the IAR phase include:

Submit Phase:

- If a critique has already been submitted, links are available to delete or to view the critique.

Read Phase:

- If you have been permitted by your SRA/GTA to view the critiques of other reviewers, the list of available applications will list only assigned applications or all reviewed applications.

- If you have not submitted a critique on an application and are blocked from reading the critiques of other reviewers, the only option available for the blocked application is the *Submit* option.
- All other applications will each have a separate link for viewing critiques

Edit Phase:

- Each application has a link for submitting a critique. If you have already submitted a critique, other links allow you to delete and view the critique.
- If you have not submitted a critique on an application and are blocked from reading the critiques of other reviewers, the only option available for blocked applications is the *Submit* option.

To access the **List of Applications** screen:

1. Access the IAR **List of Meetings** screen.

The screenshot shows the NIH IAR List of Meetings screen. The page header includes the NIH logo and navigation links. The main content is a table with the following data:

| Meeting | Meeting Dates/Location | SRA Name | Phase | Critique Due | Read Phase End | Edit Phase End | Action |
|--|---------------------------------|---|--------|------------------------|------------------------|----------------|---|
| 200510 2R04 RPH0-C (10) (0) 0203720005-0200020005 SBRVETTR: Risk Prevention and Health Behavior | Churchill Hotel, Washington, DC | Claira Guélin 301 594-3429 rla@stage.nih.gov | SUBMIT | 01/14/2008 11:50 PM | 02/28/2008 06:00 AM | | View List of Applications |

2. Select the [View List of Applications](#) hypertext link displayed in the **Action** column of the application you would like to view. The **List of Applications** screen appears (Figure 10).

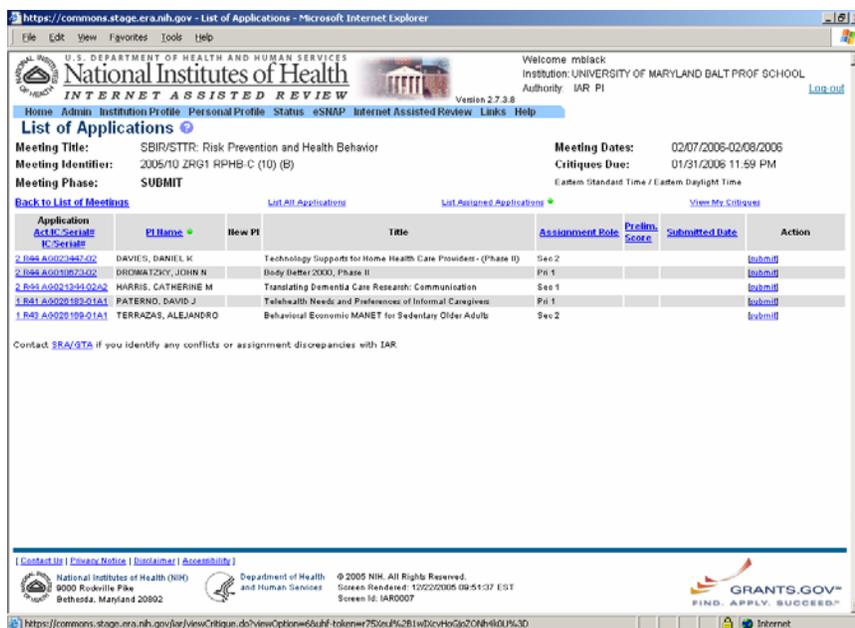

Figure 10: List of Applications Screen

List of Applications Screen

At the top of the **List of Applications** screen specific details pertaining to the application you selected appear. The details include:

- **Meeting Title** – Lists the title of the meeting or the pane name if the meeting is a SEP.
- **Meeting Identifier** – The meeting identifier is made up of seven fields: Council Date (in YYYY/MM format), IRG (SRG) Code, IRG (SRG) Flex Code, SRA Designator Code, SRA Flex Code, Group Code, Group Extension Code, and the Workgroup Number.

Example: SRG Meeting is 2002/10 PC-1 (01)

Example: SEP Meeting is 2002/10 ZRG1 SRG-F (GC) X 001

- **Meeting Phase** – Displays the current IAR phase for the meeting.
- **Meeting Dates** – The dates that the actual meeting starts and ends
- **Critiques Due** – The date and time critiques are due. This is also known as the Submit phase end date.

List of Applications Available Links

There are several links on the **List of Applications** screen that allow you to navigate the IAR application in several ways.

Action Column Hypertext Links

A [submit](#) hypertext link appears in the **Action** column, this link allows you to submit application critiques. See *Submitting Critiques/Scores* on page 13.

Submitting Critiques/Scores

Overview

IAR allows you to submit critiques and scores for your assigned applications during the *Submit* and *Edit* phases. During the *Read* phase, only reviewers who have missed the due date may submit late critiques.

NOTE:

Only critiques uploaded in Microsoft Word format (with a *.doc extension) or in plain text format (with a *.txt extension) can be submitted.

Critiques cannot be edited online and must be resubmitted if you want to make changes to a previously submitted critique. Critiques cannot be resubmitted during the Read phase.

The WP Greek font family is not supported during the conversion of uploaded critiques to Adobe PDF. In order to include Greek characters (for example, α or β) insert them as symbols within the Microsoft Word document.

Unassigned reviewers can not submit scores for any applications.

Review Criteria

The following special considerations are part of the review criteria:

- protection of human subjects from research risks
- data and safety monitoring
- inclusion of women
- inclusion of minorities
- inclusion of children
- animal welfare
- biohazards

This above list is not inclusive; other criteria may apply for a specific review group. Contact your SRA for guidance.

View Grant Application Image, Prior Summary Statements, and Appendices

To view the PDF image of the Grant Application, prior Summary Statements (if they exist), and Appendices (if they exist), click on the [Grant Number](#) hypertext link. The **Grant Folder** screen appears:

The screenshot shows the NIH eRA system interface. At the top, it says "National Institutes of Health INTERNET ASSISTED REVIEW". Below that, there's a "List of Applications" section. A table lists several applications. The first row is highlighted, and the "Action" column contains a "submit" link. Below the table, there's a "Grant Folder" section with details for Grant Number 1 R43 HL083620-01A1, including PI Name, Project Title, Appl. Status, Institution, and Appl. ID. A list of links for "Other Summary Statements" and "Appendix" documents is also visible.

NOTE: To access each individual document, select the Document hypertext link from the **Grant Folder** screen.

Submit Critique and Preliminary Score Screen

Use the **Submit Critique and Preliminary Score** screen to submit application scores and critiques.

To submit critiques/scores:

1. Access the IAR application as described in *Logging On To IAR* on page 3.
2. From the **List of Meetings** screen, select the [View List of Applications](#) hypertext link (in the **Action** column) to open

the **List of Applications** screen for the application you desire (IAR0007).

The screenshot shows the 'List of Applications' screen in the IAR system. The page header includes the NIH logo and navigation links. The main content area features a table with the following data:

- Enter the full path and filename (including extension) of the critique or click **Browse** to locate the file.

5. If applicable, either a numeric score or a score code can be entered.

NOTE: A numeric score must be within a range of 1.0–5.0. If you do not wish to add a numeric score you must use one of the following codes: NR (not recommended), UN/NC (unscored/not competitive), or DF (deferred). Only one option is permitted.

6. Click **Submit** to upload the file. The file is checked for the proper file type and is virus-checked. A message appears to validate the submission, with an option to cancel or submit critique and score.

Viewing Critiques

Your ability to view critiques depends upon the type of reviewer that you are and the current IAR phase of the meeting. Critiques cannot be modified during the *Read* Phase. You are not able to view critiques and scores for applications that cause a conflict of interest for you. When there is more than one critique to display, the critiques are merged into one file with each critique printed on a new page.

- **Regular reviewers**—During the *Read* phase, you can usually view critiques posted by other reviewers to help you prepare for review meeting discussions. However, if you have not submitted your critique during the *Submit* phase, your SRA/GTA can block you from reading other critiques until you have submitted your own. If you are blocked from reading, you must submit your critique before you will be able to read other critiques.
- **Mail reviewers**—You will not be able to view critiques that are submitted by other reviewers. During the *Submit* phase, you can view critiques you have submitted from the List of Applications page, one at a time. During the *Read* Phase, you can view critiques in several ways:
 - all critiques for all applications in a specific meeting
 - all of your own critiques for a specific meeting
 - all critiques for your assigned applications
 - all critiques for one application merged into one file

NOTE: Subprojects are treated like all other applications. For example, if you are assigned to two subprojects and don't submit a critique on time for one of them, if the SRA/GTA blocks you from viewing other critiques you only will be blocked from viewing critiques for the specific subproject that doesn't yet have a critique submitted.

To view critiques:

1. From the List of Meetings screen, select the [View List of Applications](#) hypertext link of the desired application to access the **List of Applications** screen (IAR0007).

- To view an individual critique (during all IAR phases):

Select the [View My Critiques](#) hypertext link of the desired application. The critique is usually viewed in Adobe PDF, but may be displayed in the original Word/text format if the conversion has not occurred.
