

SBIR/STTR Rank Order Project

The goal of this project is to provide information on the rank position for each SBIR/STTR application within a review committee

Six Download Columns Added to the QVR Custom Download (in test environment)

Review Meeting Rank Num - ranks all applications against all other applications reviewed at the same meeting

Review Meeting Appl Reviewed Cnt - total number of applications reviewed at a single review meeting

Review Meeting Rank Percent - total rank divided by total applications reviewed

Review Meeting Mech Rank Num - ranks all Small Business applications against all other Small Business applications reviewed at the same meeting

Review Meeting Mech Reviewed Cnt - total number of Small Business applications reviewed at a single review meeting

Review Meeting Mech Rank Percent - Small Business mechanism rank divided by the total Small Business applications reviewed
