

NIH eRA Program Deployment Schedule

For the latest information on eRA system releases, please consult our Deployment Update table. Dates and information are subject to change on a weekly basis.

For further details about a release, consult the release bullets and/or the release notes posted in the two far right columns. Release bullets provide a quick, easy-to-read list of maintenance changes to eRA modules; release notes offer a more detailed, step-by-step explanation of newly released features.

For additional information, please contact your eRA Advocate representative. For questions, comments, or suggestions about this site, please contact Scarlett Gibb, Branch Chief of eRA Planning, Communications, and Outreach.
