1.1 Latest Updates

Updates and new features in AMS:

Oct 26, 2017

- The account unlock operation now requires the user to login that day: When an administrator unlocks an account that's been locked due to inactivity, an email notification is sent that asks the user to login to the account that same day. If the user does not login before the end of the day, the account is locked again.

Feb 16, 2017

- The AMS User Guide has been split into separate documents for each user domain (Agency, Commons, iEdison, State Dept). When you login to AMS, the system recognizes your domain and uses it to select the correct online help package.
- It's now possible to search for system accounts by IMPACII user ID.
- Added a more prominent link to the Person Administration module in the Manage Account and Create Account confirmation screens. Click to manage user names and other personal information.

Dec 22, 2016

- When you unlock an account, the user receives a notification saying that he or she has to login to the account on that same day or the account will be relocked. See Reactivate Account
- eRA Service Desk agents can click the Add Roles to Other org button to give a system account roles in another organization. See Add/Delete System Roles
- Added instructions for verifying a new Commons account when you receive a Notification of New Account from eRA. See Notification of New Account

Nov 17, 2016

- Removes all roles associated with an account when Account Coordinators or Service Desk Agents deactivate the account.
- Allows Account Coordinators to re-certify active accounts to prevent the account holder from getting locked out. Note it will be a requirement for Account Coordinators to input a comment and upload an account request form to clarify the re-certification.
- Allows eRA Service Desk Agents to reactivate users and add mapping if no mapping exists.
- Enhances Deactivated Users Report to display correct information, including Deactivated By and Account Deactivation Date.
- Updates the email notifications sent prior to account deactivation to indicate that users should contact their Account Coordinator instead of the eRA Service Desk to request account re-activation.

**Sept 15 2016:**

- The Create Account screen now lets NIH/Agency administrators search the NED system to find user profiles in their organizations. See Create Agency Accounts for more information.
- Create-Account requests for untrusted Commons accounts can now be approved or rejected automatically. See Create Commons or external iEdison User Accounts for more information.

**Aug 18 2016:**

- Enhancements to the reporting functionality, including a new internal report on deactivated user accounts. See User Reports.
- Account Coordinators can now upload new or revised account request forms from the Manage Account screen. See Manage Account Request Forms for instructions.
- Account Coordinators and Service Desk agents can now search for accounts that have been locked due to inactivity and reactivate them. See Search by Status for instructions.
- New requirements for accounts with administrative roles: Once a user has held an administrative role (SO/AO, AA, BO, or TTO Admin/User) at one institution, that account cannot be changed to a strictly scientific role, and cannot be affiliated to a different institution in any administrative or scientific role: In these cases, the former administrative user must create a new account to use in his or her new role. See Affiliate Account for more information.
July 22 2016:

- Service Desk Agents can now update User IDs on their accounts.
- In the Search Results screen, the label of the Filter box has been changed to Filter Results.
- Search-by-country functionality is now available for state accounts.

June 23 2016:

- AMS validates users’ affiliations for administrative roles (SO/AO, AA or BO user roles) to make sure users have administrative roles at only one institution.
- The Account Coordinator (or the Service Desk) can now view and if necessary replace an account's Account Request Form (ARF).
2 Overview

The Account Management System (AMS) facilitates user and system account administration based on assigned user roles. The system provides the ability to search existing accounts. When a search is performed, all records that meet the search criteria are returned on the Search Accounts screen.

2.1 State Department Staff

State Department staff have the ability to search, create, maintain, and view user accounts only. Authorized users can:

- Create new user accounts.
  - The Username and password must comply with Standard eRA policy guidelines.
  - All temporary passwords are system generated.
- Manage existing user accounts.
- Manage role(s) on user accounts.
- Affiliate an account with an Organization, Agency, or Institute/Center (IC).
- Reset passwords on existing accounts.
  - **NOTE**: All passwords are system generated.

2.2 User Roles

The following users have the ability to search for, manage and create accounts, and to add or remove roles for user and system accounts:

2.2.1 State Department

- FACTS State Department Clearance Manager (FACTS SDC MGR role)

2.3 Account Statuses

AMS user accounts can have the following statuses:

- **Active** — A valid account in good standing.
- **Deactivated** — Account has been disabled by an administrator
- **Locked due to inactivity** — Locked by the system due to inactivity (no user activity for 120 days).
- **Pending Affiliation** — Account has not yet been associated to an organization
- **Profile Only** — A profile that is not associated to a user account.
3 Accessing AMS

3.1 State Department Staff

1. State Department staff can access AMS at this address: https://public.era.nih.gov/ams.

When you click that link, the Commons Login screen opens, as shown here.

2. Enter your User Name and Password.
3. Click the Login button.

Upon successful login, the Search Accounts screen opens, as shown here.

NOTE: The only User Type available is State.
For instructions on performing a search, see Search Account.

### 3.2 Logging Out of Account Management System (AMS)

To log out of AMS, click the **Logout** button at the top right corner of the any screen.
4 Search for State Department User Accounts

The Search Accounts screen for State Department users provides the ability to search for existing user accounts.

NOTE: For State Department users the Search within my organization check box is automatically checked and the only User Type is State.

NOTE: You must enter at least one search field, besides the User Type and Account Status. Wild card characters such as the percent sign (%) can be used to search for a string of characters.

1. Enter the appropriate search criteria in at least one of the other search fields.

### 6.1 **Affiliate Account**

**NOTES:**

- Only accounts with **scientific** roles such as PI, SPONSOR, POSTDOC, ASST, etc., are permitted to be affiliated with more than one institution.
- Accounts with **administrative** roles can belong to one institution only.
- Further, if a user leaves (unaffiliates) an administrative role at one institution, that account cannot be affiliated to a different institution in any administrative or scientific role: The user needs to create a new account to use with the new institution.
- Additionally, you cannot remove administrative roles from an existing account in order to add a scientific role instead: Once a user has held administrative role, he or she must create a new user account to use in another role.

1. To affiliate an existing account with an organization, search for the user in AMS and select the **Manage** button in the action column of the search results.
2. Click the **Affiliate** button under **Roles** on the Manage Account screen, as shown here:
When the **Affiliate** button is clicked, the Add Roles screen opens, as shown here:

**NOTE:** The list of roles is dependent on the logged in user's role.

1. Highlight the appropriate role(s).
2. Click the **Add Role(s)** button.
When the Add Role(s) button is clicked, the role is added, the account is placed in ‘Active’ status, and the Unaffiliate button appears in the Roles section, as shown here:

![Roles](image)

### 6.2 Unaffiliate Account

1. To unaffiliate an account, click the Unaffiliate button in the Roles section of the Manage Account screen.

When the Unaffiliate button is clicked, an Account Unaffiliation pop-up screen displays.

![AMS | Account Unaffiliation](image)

2. Click the Yes button to unaffiliate the account, or click No to cancel the unaffiliation.

When the Yes button is clicked, all roles assigned to the account are removed, the account is placed in ‘Pending Affiliation’ status, and the Affiliate button appears in the Roles section of the Manage Account screen, as shown here:

![Roles](image)

**IC Transfer Process**
1. The Account Coordinator will un-affiliate the account by removing all roles for their IC.
2. The account will go into ‘Pending Affiliation’ Status, in which there are no roles associated with the account, and the user cannot perform any functions.
3. An Account Coordinator from the new IC will search for accounts in ‘Pending Affiliation’ status and select an account to affiliate.

For information on Affiliating an account, see Affiliate Account.

### 6.3 Reactivate Account

Follow these steps to reactivate an account that has been deactivated by an administrator.

1. Open the account in the Manage Account screen.

2. If an account is deactivated, a Reactivate button will be present at the bottom of the Manage Account screen, as shown here. Click this button to proceed.

3. When you click Reactivate, the Reactivate Account screen opens, as shown here.
4. In screen, take these steps:
   a. *Mandatory*: Enter comments in the comments field to inform the user about this action.
   b. Click **Reactivate** to reactivate the account, or click **Close** to cancel.

5. When you click **Reactivate**, the system reactivates the account and displays a confirmation message.
   And the account owner receives an email notification that includes the text you entered in the **Comments** field.

   **NOTE**: The unlock notification asks the user to login to the account that same day. If the user does not login before the end of the day, the account is locked again.

### 6.4 Add/Delete Countries

**NOTE**: The Add Countries functionality is for State Department users only.

1. To add a country to the account, click on the + **Add Countries** button on the Create Accounts screen.

When the + **Add Countries** button is clicked, the pop-up **Add Countries** screen displays.
2. To find a country, click in the list of countries and type the first letter of the country's name.
   a. For example, to find the United Kingdom hit the <U> key on the keyboard.
3. Highlight the appropriate country name.

When a country name is highlighted, the Add Countries button is enabled.

4. Perform one of the following options:
   a. Click the Close button to close the screen.
   b. Click the Add Countries button to add the selected country.

When the Add Countries button is clicked, the selected country to added the Roles section on the Create Account or Manage Account screen.

5. To add another country, click the + Add Countries button. Repeat the steps above.
6. To remove a country, click the X Remove button.
7. To remove all countries, click the **X Remove All** button.
7 User Reports

AMS includes the following reports capabilities:

- **All Users Report** — Information on all user accounts in your organization
- **Inactive Users Report** — lists user accounts that have been locked due to inactivity (note: for internal users only)
- **Deactivated Users Report** — lists user accounts that have been deactivated by an administrator (note: for internal users only)
- **Role Description Report** — lists all roles, role descriptions, and associated privileges for any business area (note: for internal users only)

To open the reporting functions, click the **AMS User Reports** tab.

The **All Users Report** screen opens. There are two versions of this screen, as shown below. The version you see depends on the organization you belong to.

### 7.1 All Users Report Screen for External Users

**All Users Report** screen for Commons, external iEdison, and State Department users

Use this screen to run an All Users Report on external users.

The **All Users Report** button is selected by default, as shown below. Follow the steps below to launch the report.

1. Select "Commons" in the **User Type** field and set the search criteria in the other fields as follows:
2. **Organization** — This field displays your organization name. Service Desk agents, to select an organization, begin typing its name or ID number in this field. The live search function displays organization names as you type. When the one you want appears, scroll down and click to select it, as shown below. *(note: To select multiple organizations, hold the <Ctrl> key as you click.)* **Note:** This field is mandatory.

![Organization Field Example](image)

3. **Roles** — Leave this field blank to report all user roles. To limit the report to one or more user roles, click this field to open the drop-down menu or begin typing the name of a role. The live search function displays roles as you type. When the one you want appears, scroll down and click to select it, as shown below. *(Note: To select multiple roles, hold the <Ctrl> key as you click.)*

![Roles Field Example](image)

4. **Account Creation Start Date/End Date** — Leave these fields blank to report all time periods. To limit the report to a certain time period, enter a start date, end date, or start and end dates. Enter dates in MM/DD/YYYY format or click the calendar icon to select them from the calendar.

5. When you finish entering search criteria, click **Search** to run the report. See **Report Output** below.
7.2 Role Description Report
7 Report Output

7.3 All Users Report output

To run the All Users report, click the All Users report button and enter search criteria as described above. When you click the Search button for the All Users report, the report output displays.

7.4 Role Description Report output

7.5 Navigating the report output

These tips for browsing, filtering and exporting the report output apply to all report types.

The report output displays include the controls shown here.

- To filter the report, type some text in the Filter field, such as a name. Only rows that contain the filter term will be displayed, and all instances of the filter text will be highlighted in yellow, as shown below:
To adjust the number of records displayed, select a number in the **Show per page** dropdown menu.

To navigate the report pages, click a **Page Number** or use the left and right arrow buttons.

To re-sort the report columns in ascending or descending order, click the up/down arrows in the column headers.

To export the report output as an Excel spreadsheet or PDF, click the appropriate **Export** button, shown here:

- **Export to Excel**

  When you click this button, an open-or-save dialog opens, as shown here.

  Click **Open** to open the report data in Excel. A new Excel window opens Go to it and click the **Enable Editing** button in the yellow bar at the top of the worksheet, then work with the spreadsheet as usual.

- **Export to PDF**
Account Management System (AMS)

Click this button to save the report as a PDF file. A save dialog opens. Choose a location and save the file.
