
Internet Assisted Review (IAR) Version 4.1.1.7 Release Notes

New Features

Ability to View All Reference Letters in One PDF via Grant Folder

The **Reference Letters All** link has been added to *Grant Folder* to provide Reviewers a means of viewing all reference letters in one PDF document. This new link is in addition to the existing individual links for each reference letter.

The Review Users Group (RUG) requested this update.

Updated URL on Confidentiality Agreement

The *Guidance on Appointment of Lobbyists to Federal Advisory Committees, Boards, and Commissions* was revised, however, the changes do not impact the Peer Review process. The reference link next to the **I am NOT a federally registered lobbyist** option on the *Confidentiality Agreement* has been updated. Please make note of the new address:

<http://www.gpo.gov/fdsys/pkg/FR-2014-08-13/pdf/2014-19140.pdf>

SRA/GTA References Replaced by SRO/ESA

Throughout IAR, references to SRA and GTA user roles have been replaced by SRO and ESA to reflect the current name of these roles.

New Help Desk URL

The eRA Help Desk website address has changed. References to the former site have been replaced with the new address. Please make note of the new address and update your bookmarks as necessary.

The new address is as follows: <http://grants.nih.gov/support>

Fixes

Ongoing Effort to Resolve Critique Uploading Errors

eRA is making an ongoing effort to fix some of the errors encountered when uploading critiques to IAR.
