1 Financial Conflict of Interest (FCOI) Module
1 Overview

The Electronic Research Administration (eRA) Commons is a Web-based system for applicants and institutions to participate in the electronic grant administration process. Commons provides a modular framework and infrastructure that allows National Institutes of Health (NIH) extramural grantee organizations, Operating Divisions (OPDIVs), grantees, and the public to conduct grant-related business with NIH.

The Financial Conflict of Interest User Guide will instruct a user on how to allow specific users to manage the Financial Conflict of Interest (FCOI) reporting process for their particular Institution. The Financial Conflict of Interest (FCOI) reporting process allows institutions to report the existence of any identified financial conflicts of interest to the Agency as required by the Federal regulation, specifically Title 42 Code of Federal Regulation Part 50 Subpart F for grants and cooperative agreements. The institution’s Signing Official (SO) completes this reporting process unless an FCOI role is delegated to another user (the SO can also assign the FCOI_ASST and FCOI_View roles to other users). To do this, the SO must log into the eRA Commons and navigate to the FCOI sub-system.

The FCOI module is an online interface within Commons that allows grantees and Federal staff to share information. The module is mandatory for all institutions. An institution’s Signing Official completes this reporting process unless another Commons user is delegated with the proper authority to access the module.

The FCOI module in Commons allows institutional users to:

- Initiate and prepare FCOI reports
- Electronically submit reports and supporting documents as well as annual FCOI reports
- Receive notification via email upon the submission and receipt of an FCOI
- Search and view FCOI reports previously submitted through the Commons
- Revise an Initial 2011 FCOI Report to update FCOI data following completion of the Retrospective Review or to submit a Mitigation Report when bias is found following the completion of a Retrospective Review.
- Access history of actions
- Assign FCOI access to other Commons users

Additional information on the reporting requirements can be found within the Frequently Asked Questions on the Office of Extramural Research’s Financial Conflict of Interest website at https://grants.nih.gov/grants/policy/coi/index.htm.

1.1 Objectives

The objective of the FCOI system is to allow institutions to submit FCOI reports using the eRA Commons system. The system will notify the institution and Agency staff after an FCOI report submission is received. Although Commons is not the system of record, the FCOI information
will be stored within another internal system of record (IMPAC II) database. The FCOI system will also allow institutions to submit additional information that subsequently may be requested by the Agency after the submission of an FCOI report. The system also will allow the institution’s authorized FCOI users to view reports and associated data online.

1.2  **Who Can Access the FCOI Module?**

NIH extramural grantee institutions, OPDIVs, grantees and the public are the primary users of Commons. Access to Commons is granted only by authorized Commons users who are assigned to a specific role(s) that allows for user account creation. The following diagram displays an example of how different user roles function within the Commons system.

1.2.1  **Signing Official (SO role)**

A Signing Official (SO) within an institutional organization is authorized to assign FCOI roles to others within their organization. The SO has institutional authority to legally bind the institution in grants administration matters by providing signature approval on submissions. The SO monitors grant related activities with the grantee institution and may have a number of titles.

1.2.2  **Financial Conflict of Interest (FCOI role)**

This role should be assigned to the Commons user(s) in the institution who would manage the FCOI reporting process. This person or persons would be able to initiate, edit, submit, revise, view, and delete records and documents concerning FCOI.

Only the SO can assign the FCOI role.
1.2.3 Financial Conflict of Interest Assistant (FCOI_ASST) Role

Assign the FCOI_ASST role to those users in the institution who will assist in working on the FCOI reporting process. FCOI_ASST users can initiate, edit, view, search, and delete forms.

Only the SO can assign the FCOI_Asst role.

1.2.4 Financial Conflict of Interest Assistant (FCOI_View) Role

Assign the FCOI_View role to those users who need authority to search for and view FCOI information entered by the institution in the FCOI module, but who will not perform any data entry or make changes to the information. These users have read-only access to FCOI report data.

Only the SO can assign the FCOI_View role.

1.3 Basic Financial Conflict of Interest (FCOI) Report Process

The Signing Official (SO) is the authorized official at the institution that has the authority to sign for the institution. The SO is the overall responsible person for any and all grant related activities whether the tasks are delegated to other institutional users or not. With this authority, the SO can assign or delegate various tasks, duties, and other limited responsibilities to other staff within the SO’s institution.

The SO is responsible for assigning the FCOI, FCOI_ASST, and FCOI_VIEW roles to the appropriate system users in the institution. SOs can assign roles using the Account Management System (AMS) accessible via the eRA Commons Account tab. Refer to the AMS Online Help System for information on adding roles (https://era.nih.gov/erahelp/AMS_NEW/#Create_Accounts/Create_User_Accts/Add_Roles.htm).

The following Electronic Research Administration (eRA) FCOI Reporting Process Flow Diagram provides an overview for submitting and processing an FCOI Report. The 2011 Revised Regulation covers the following FCOI reports: Original, Revision of the Original, and Annual.

2 Initiating an FCOI Report

Commons users with the FCOI role and/or the FCOI_ASST role are able to initiate new FCOI Reports. If the FCOI user has multiple affiliations, the user is only able to access grants associated with the institution for which the user has the FCOI role. FCOI Reports are permissible for Active awards. FCOI reports should be submitted during an ongoing project and not after the project period end date. When initiating a new FCOI report, the report should be submitted under the current, active grant year.

To initiate a new FCOI Report:

1. From the Commons main menu tabs, select the FCOI tab.

   The FCOI Search screen displays. Along with the search option, the FCOI menu includes the tab to **Initiate 2011 FCOI Report**.

   ![Initiate 2011 FCOI Report](image)

2. Select the **Initiate 2011 FCOI Report** tab.

   The **Financial Conflict of Interest – Initiate New Report** screen displays (see below)

   The initial fields on this screen are as follows:

   - **Grant Number** (IC Code, Serial Number, and Support Year are required)
   - **Name of Investigator with Conflict** (Last Name and First Name are required)
   - **Subrecipient Report** (No or Yes – along with the Subrecipient Institution Name for Yes – is required)
Before the FCOI report can be completed, the information in the required fields must be validated.

3. Enter the required fields. Required fields are marked with an asterisk (*).

4. Select the Validate button.

Commons validates the entered information. If Commons finds that the entered grant number is invalid for initiating the FCOI Report, an error message displays as follows:

ERROR! Grant was not found or not awarded.
If the validations pass with no errors, the *Financial Conflict of Interest – Initiate New Report* screen expands for entering additional information. The fields in the upper portion of the screen automatically populate based on the entered grant data. These fields are disabled for editing.

![Financial Conflict of Interest - Initiate New Report](image)

The lower portions of the screen – *FCOI Information* (sections 1-3), *Noncompliance with Regulation* section 4 (sections 5 and 6 if "Yes" answers), and *Upload PDF Documents* – display and are enabled for editing.

![FCOI Information Table](image)

e. Enter text or upload an attachment to describe how each financial interest relates to the funded research (Question #2).

f. Enter text or upload an attachment to describe the key elements of the institution’s management plan (Question #3).
6. Select the **No** or **Yes** radio button for question #4 **Does this FCOI report include a failure to comply with the regulation?**

   If the **Yes** radio button is selected, a pop-up displays the following message: *An FCOI report represents noncompliance when an FCOI is not identified or managed in a timely manner including failure by the Investigator to disclose a Significant Financial Interest; failure by the Institution to review or manage a financial conflict of interest; or failure by the Investigator to comply with the management plan.*
After selecting OK to close the pop-up, the Description of Noncompliance with the FCOI Regulation section appears containing a text box for comments and question 5. Retrospective Review Completed? These are both required fields when Yes is selected for Question 4.

7. Only if response to Question 4 is Yes:
   a. Enter comments in the text box below the label Describe the situation of noncompliance in the text box below.
   b. Select the No or Yes radio button for question 5. Retrospective Review Completed? to indicate whether a retrospective review was completed. If Yes is selected, the response for question #6 is enabled and required.
c. Only if response to Question 5 is Yes:

Select the No or Yes bias found radio button for question 6. Mitigation Report Required? to indicate whether a mitigation report is required when bias is found. If the Yes bias found button is selected, provide the Mitigation Report information in the enabled text box or upload a file in the table below it.
8. **Additional and Optional Information**: Add any additional or optional information in the **Upload PDF Documents** section. Enter a brief description (up to 30 characters) and then use the **Upload** or drag and drop feature to add the PDF file.
9. Perform one of the following actions:
   - Select the **Save** button to put the record in WIP status.
   - Select the **Save and Submit** button to submit to agency.
   - Select **View FCOI History** button to see the actions taken so far.
   - Select the **Cancel** button to return to the FCOI Search screen.

10. **Save and Submit** and related comments:
    - When the **Save and Submit** button is selected, a comments screen displays for entering optional comments before submission. The comments entered on this screen are recorded within the FCOI History. In addition, the comments are added to the email notification sent to Agency. After entering the appropriate comments, select the **Continue** button to complete the submission. (Selecting **Cancel** will return you to the form page)

Upon saving and submitting, the system sends out an email notification informing the FCOI user (and potentially the FCOI_ASST user) that the FCOI Report was submitted.
3 Submitting FCOI Report to Agency

The FCOI Submit function is part of the Commons system that allows an SO with an FCOI role to submit an identified FCOI Report to the Agency. Only those with FCOI roles may submit the report.

The report can be submitted at the time it was initiated or a later time if the report was saved and is in a status of Work in Progress.

3.1 Submitting the Report While Initiating

To submit an FCOI report while initiating it:

1. Access the FCOI module by selecting FCOI tab from the Commons main menu.
2. After completing the Initiate FCOI Report process for the FCOI Report or editing a WIP notification, select the Save and Submit button.
3. Optional: On the next screen, enter comments in the Comments text box and select the Continue button.

Commons updates the status of the report to Submitted. Email notifications are sent to the SO who submitted the report and to the Agency to indicate that the FCOI Report is submitted.

Once the FCOI is submitted, the record is searchable with the status Submitted.

If an FCOI Report has been submitted incorrectly (e.g., an incorrect Grant Number, Name of Investigator with a Conflict, or Subrecipient Name), contact the Grant Manager identified on the Notice of Award to ask the Agency to rescind the FCOI report. Other corrections to an FCOI Report can be made by contacting the Agency and asking the Agency to send the grantee a Request for Additional Information. This will change the status of the report to a Return to WIP status to allow the grantee to make corrections to other FCOI report data that is below the validation line.

Refer to the section of this document titled Initiating an FCOI Report on Page 6 for more information and steps for initiating the report.

3.2 Editing the FCOI Before Submission

Commons users with FCOI or FCOI_ASST roles can perform edits on saved FCOI reports in Work in Progress status. During editing, the report can also be submitted if the user holds the FCOI role.

To edit the FCOI Report and submit it:

1. Select select the FCOI tab at the Commons main menu.
2. From the FCOI Search screen, perform a search for the FCOI Report. Refer to the section of this document titled Searching Existing FCOI Reports (Notifications) on Page 20
3. Select the **Edit** link in the **Action** column for the specific FCOI Report.

The *Financial Conflict of Interest – Initiate New Report* screen displays for editing. The fields are enabled for editing, with information pulled from the previously submitted FCOI form.

4. Update the fields as appropriate and select the **Save and Submit** button to submit the FCOI Report to Agency or select the **Save** button to save the information without submitting the FCOI Report.

Only Commons users with an FCOI role can perform the **Save and Submit**.
4 Searching Existing FCOI Reports (Notifications)

Commons users with the FCOI, FCOI_ASST, or FCOI_VIEW roles have the ability to search for grants in their institution with existing FCOI Reports.

To search for an FCOI record:

1. Select the FCOI tab from the Commons menu structure.
2. Enter the appropriate search information for returning the desired records. The following fields are available for entering search data:
   - FCOI #
   - Grant Number
   - Status (All, Work in Progress, Submitted, Rescinded, Returned to WIP, Annual Report Due)
   - Annual Report Due option returns Annual Reports in WIP status as well as Original Reports with an Annual Report due.
   - Date Range of Submitted Records
   - Name of Investigator with Conflict
3. Select the Search button.

Selecting the Clear button clears the information in the search fields.

The matching records based on the search appear in a table at the bottom of the screen. The columns in the table are sortable by selecting the up/down arrows in the column headings (for all columns except Action).

If more than one record of an FCOI family are in the search results, the FCOI # and Grant # will only display for the first record.

The data in the search results is as follows:
- **FCOI #**
- **Grant #**
- **Date Submitted**
- **Investigator Name**
- **Status**
- **FCOI Type** (Original, Revision, or Annual Report)
- **Action**

The **FCOI Type** column displays an asterisk (*) next to the type for all 1995 Regulation FCOI Reports (e.g., Original*).

The **Action** column displays each available action as a hyperlink (options vary depending on the user’s authority and/or the status of the FCOI Report).

Selecting the hyperlink performs the associated action.

- **View**: Opens the FCOI Report or Annual Report for as read-only
- **Edit**: Opens the *Financial Conflict of Interest – Edit* screen. Changes to the FCOI Report can be made using this screen. Displayed only for *Work In Progress* or *Returned to WIP (by Agency)* FCOIs and is available only to users with the FCOI or FCOI_ASST roles.
- **Delete**: Opens the *FCOI Deletion Confirmation*. Selecting the **Yes** button from this confirmation screen deletes the FCOI Report. Displayed only for FCOI Reports in a status of *Work in Progress*.
- **Annual Report**: Opens the *Annual FCOI Report* screen. This link is displayed 75 days prior to the next budget period start date.
- **Revise**: Opens the editable FCOI Report. Displayed if **Yes** is selected as the answer to question 4 *Does this FCOI report include a failure to comply with the regulation?* –and– **No** is selected as the answer to question 5 *Retrospective Review Completed?* This link only appears within 150 days after the original submission.
The **Status** column displays the status of the FCOI Report in a hyperlink. Selecting this hyperlink opens the *Financial Conflict of Interest History* screen for the grant.
5 Revising a Submitted FCOI Report (Following a Retrospective Review Only)

The feature to revise a previously submitted FCOI report is used only in those situations following a Retrospective Review. For example, a revised FCOI report is submitted following the Retrospective Review when the Institution discovers new information that results in a change to a previously submitted FCOI report (e.g., an increase in value of a previously reported SFI) or a change to the management of the FCOI from what was previously reported under the initial report. In addition, if bias is found following the completion of the Retrospective Review, the grantee must submit a Mitigation Report. A Mitigation report is submitted through the submission of a Revised FCOI report if the Retrospective Review is pending at the time of initial report submission.

If an FCOI Report is submitted with errors, the institution should contact the Agency to determine whether to rescind the FCOI record or to allow the grantee to make corrections through a response to a Request for Additional Information.

As discussed above, following the Retrospective Review it is possible to make changes to the FCOI Report. The FCOI Report can be revised to add, update, and/or delete significant financial interest data and any other information that was previously submitted in the initial FCOI report. A revision can be made on an existing FCOI report by selecting the **Revise** link on *FCOI Search* up to 150 days following the initial submission date to submit a Revised FCOI report.

To revise and submit an FCOI report:

1. Access *FCOI Search* by selecting the **FCOI** tab from the Commons menu.
2. From the *FCOI Search* screen, perform a search for the appropriate FCOI report.
3. Select the **Revise** button in the **Action** column for the specific FCOI report.

The *FCOI – Revision* screen displays the information from the current FCOI report as read-only. The summary of reported significant financial interests (SFI(s)) is displayed in the table at the bottom of the screen.

4. Select the **Edit** link in the table to edit the SFI.
The *FCOI – Revision* screen expands to enable the report fields to be edited. The fields for revision are identical to those available when first initiating the FCOI form. The information displayed on the *FCOI – Revision* is pulled from the latest submitted FCOI form. An additional text field is added for summarizing the changes. This field is required.

5. Use the text box under the title **Please summarize any revisions to previously submitted FCOI Report using the text below** to summarize the submitted changes.

6. Complete the revisions as appropriate under the **FCOI Information** section. Refer to the section of this document titled *Initiating an FCOI Report on Page 6* for more information about the questions and fields on this form.

During a revision, existing SFI information may be changed or deleted and new SFI information may be added only following a Retrospective Review. Text may be edited or added to the supporting information text boxes on the form. Additionally, new PDFs may be uploaded and existing ones deleted.

The **Entity** field is read-only for a revision and may not be edited.

A revised FCOI form retains the FCOI ID number of the original form being revised.

7 Institutional Financial Conflict of Interest Policy

The Policy Documents tab of the Institutional Profile module lets you upload your institution’s Financial Conflict of Interest (FCOI) policy. Effective November 12, 2020, each institution must upload its FCOI policy to eRA Commons for review. The institutional FCOI is required and defined by regulations, which are linked on the Policy Documents tab in the Institution Profile module. The policy must be in PDF format under 6 MB in size. After uploading, NIH staff will review the policy and reject or accept it, and will notify you via one of your listed contact methods. For more information, refer to the Guide Notice NOT-OD-21-002 as well as the table of regulatory requirements on the new Policy Documents tab.

7.0.0.1 To access the Financial Conflict of Interest Policy screen:

Log into eRA Commons with a signing official (SO) role, go to the Institution Profile, and then click the Policy Documents tab.
7.0.0.2 **To upload your FCOI policy to eRA Commons for Agency approval:**

1. On the *Policy Documents* tab of the Institution Profile module, click the green **Upload** button in the *FCOI Policy Submission* area.
2. Locate the FCOI PDF and click **Open**.
3. Optionally, before submitting, you can either view or delete the file you uploaded by clicking the **View** or **Delete** button in the *FCOI Policy Submission* area.
4. Click the **Submit** button and the file will be routed to Agency officials for review.
5. If you make a mistake, you can simply upload another PDF file and it replaces the first.
TIP: If nothing appears to happen when you upload, scroll to the top of the screen and check for error messages that may have appeared in a red bar. You can upload only a single file.

7.0.0.3 To view the FCOI policy that was previously submitted:

On the Policy Documents tab of the Institution Profile module, click the Policy ID number in the Prior FCOI Policy Submissions area.

![Prior FCOI Policy Submissions](image)

The PDF opens in your system PDF viewer.

7.0.0.4 To resubmit an FCOI policy that has been updated:

On the Policy Documents tab of the Institution Profile module, click the green Upload button in the FCOI Policy Submission area, upload a new file, then click Submit. If someone from NIH had contacted you about the policy, notify them of the re-submission.

8 FCOI History

Commons users with the FCOI, FCOI_ASST, or FCOI_VIEW roles can view the history of an FCOI Report from initiation to submission. Event records are generated in the Financial Conflict of Interest History log each time a user takes an action on the record.

The FCOI History screen is accessible by selecting the hyperlink in the Status column of the FCOI Search results or by selecting the View FCOI History button found on the Financial Conflict of Interest – Initiate New Report and FCOI – Revision screens.

The FCOI History screen displays read-only information for the FCOI Report. The displayed information is as follows:

- **Grant Number**
- **FCOI Current Status**
- **Sub-Recipient Institution** (if applicable)
- **Investigator with Conflict**
- **Event** (Initiated, Edited, Submitted, Returned to WIP, Rescinded)
- **Action Taken By**
- **Action Date**
- **Action Comments** (if applicable)
To close the screen, select the **Back** button.
9 Submitting FCOI Annual Reports

FCOI Annual Reports are submitted through Commons by institution users with the FCOI role. An Annual FCOI report follows the submission of an initial 2011 FCOI Report when future years exist within a competitive segment. The annual report provides a means for the institution to report on the status of the reported FCOI and any changes to the management plan that was submitted under the original or initial FCOI report.

The Annual Report link only appears 75 days prior to the next budget period start date or after the Institution extends the grant via Commons for NIH funded grants. For AHRQ funded grants, the link appears 120 days before the budget period end date.

An email notification is sent to the Institution’s FCOI SO (i.e., the Commons user who submitted the original report) when the link is available. The Annual report link will not appear for the last year of a competitive segment unless the grant is extended via the Commons. Under this situation, the Annual Report link will appear the day after the grant is extended. For subsequent extensions, contact the Agency’s Awarding Component for Annual Reporting requirements.

Submissions can be saved (they will be placed in a Work in Progress status), edited at a later date, and then submitted (or they may be deleted if necessary).

To initiate an Annual FCOI Report:

1. Access the FCOI Search screen by navigating to the FCOI module and selecting the FCOI tab.

2. From FCOI Search, perform a search for the appropriate FCOI Report.

Commons checks to determine if there are any annual reports which were not submitted to Agency for previous years. If found, a warning message displays as follows:
Our records indicate that an annual FCOI report from the prior grant year was not submitted and is overdue. This report must be submitted before the current annual FCOI report may be submitted. There are [#] Reports missing.

These overdue reports must be submitted first before the current year’s report can be completed.

4. If overdue Annual Report exist: Acknowledge the message by selecting the Create Report button.

The Commons system automatically opens the overdue annual report (starting with the report for the earliest year when more than one annual report is overdue) for completion. The Annual Report form displays information based on the latest submitted information. This includes grant information as well as the entity, significant financial interests (SFI), and SFI values for the identified FCOI. Each previously reported SFI is listed on the Annual Report and must be addressed separately.

Annual Reports are submitted under the currently funded grant year (e.g., year 04) without regard to the grant year when the Initial or Original FCOI report was submitted (e.g., year 01).

5. Optional: Select the View link in the Action column to view read-only specifics as reported on the original FCOI report.

6. Answer the questions for each SFI listed.
   a. For question 1. Indicate the status of the FCOI since the FCOI was previously reported, select the radio button for one of the options: Managed or No longer exists. When No longer exists is chosen, this FCOI is removed from future annual reporting.
If you had previously entered an answer for Question 1 (i.e., this is not the first time entering the Annual Report information or it is a Revision), you will receive a warning message as follows: *You are about to change the status of the FCOI from what was previously selected. Any entered data associated with that previous selection will be deleted from the report, if applicable.*

Select **Yes** to continue or **No** to cancel.

b. For question **2. Are there any changes to the Management Plan**, select the radio button for one of the options: **Yes** or **No**. Use the textbox or document upload feature to provide an explanation of the changes to the management plan as necessary. This question is only displayed when the response to Question 1 is **Managed**.

c. For question **3. Explain why FCOI no longer exists**, enter an explanation in the text box or use the upload feature to attach documentation explaining why the FCOI no longer exists. This question is only displayed when the response to Question 1 is **No longer exists**.
7. Perform one of the following actions:
   - Select the **Save** button to put the record in *Work in Progress* status.
   - Select the **Save and Submit** button to submit to agency.
   - Select the **Cancel** button to return to the *FCOI Search* screen.

Once created, the Annual Report displays as its own record in the *FCOI Search* screen results as an FCOI Type of *Annual*, whether submitted to Agency or still a Work in Progress.
10 Sending Electronic Notifications

The system sends a notification electronically under any of the following conditions:

1. When a New, Revision, or Annual, report is submitted, an email is sent to the SO who submitted the report.
2. When a Mitigation Report is uploaded and submitted to the Agency in the Revision report, an email is sent to the SO who submitted the report.
3. When a request for additional information is made, an email is sent to all Commons users who submitted a report for the FCOI ID.
4. When an Annual report is due, an email is sent to the SO who submitted the FCOI report.
