1 Latest Updates

1.0.1 January 12, 2021

Updated topic describing how to log into xTrain, due to new login and landing pages. See *Accessing xTrain*.

1.0.2 August 7, 2020

Updated screenshots of the Trainee Roster screen to include a new column named *Months, Days Appointed*. Added notes to explain that if the Create New Appointment link is used for a current trainee, the new appointment will be converted to a reappointment if warranted; see *Account Setup* and *Create New Appointment by PD/PI*. In addition, other screenshots were updated to match the header of eRA Commons.

1.0.3 May 2020

When viewing and completing the Statement of Appointment form, a new field, *Education/Career Level*, lets you specify the trainee's current education level, as this information is not populated from the Personal Profile.

1.0.4 July 2018

The Activity Code table was updated to add R38.
2 Purpose

The purpose of this document is to provide guidance on the use of xTrain to Institutional (external) users. For more information regarding research training and research career opportunities offered by the National Institutes of Health (NIH), please visit the Office of Extramural Research (OER) Grants Training page at http://grants.nih.gov/training/index.htm.

2.1 Scope

This document indicates how to access xTrain, provides a description of xTrain user roles, and explains the process for submitting appointments, re-appointments, amendments and termination notices. This xTrain External User Guide, as well as additional reference material, is available on the Institutional Research Training and Career Development Awards page: http://era.nih.gov/training_career/index.cfm.
3 What is xTrain?

xTrain provides program directors/principal investigators, university administrators, and trainees the ability to electronically prepare and submit PHS 2271 Statement of Appointment forms and PHS 416-7 Termination Notices associated with institutional research training programs, institutional career development awards, individual fellowships and research education awards. xTrain is also used by agency grants management staff to review and process the appointments and termination notices submitted electronically.

Grantee institution staff can use xTrain to:

- Create, route, and submit Appointments, Re-appointments, Amendments and Termination Notices
- Track the status and timing of actions taken by xTrain users

xTrain eliminates the need for signed paper forms, except in the following situations:

Permanent U.S. residents must submit a signed and notarized statement certifying that they have (1) a Permanent Resident Card (USCIS Form I-551), or (2) other legal verification of such status

Signed hard copies of Payback Service Agreements are required for postdoctoral trainees in their first year of Kirschstein-NRSA support. For more information on the Payback Service Agreement policy, please refer to this web site. [http://grants.nih.gov/grants/policy/nihgps_2013/nihgps_ch11.htm#_Toc271265163](http://grants.nih.gov/grants/policy/nihgps_2013/nihgps_ch11.htm#_Toc271265163)

3.1 Activity Codes Supported

See the current activity codes supported by xTrain by clicking the List of Activity Codes currently supported in xTrain link on the My Grants screen. NRSA fellowships (F30, F31, F32 and F33) can only be terminated. T15’s are for the National Library of Medicine and CDC. T01, T02, T03, and T42 are for CDC only.
3.1.1 xTrain Activity Codes

Activity Code: A three-character code used to identify a specific category of extramural research activity, applied to various funding mechanisms.

The table below shows a list of xTrain Activity Codes.

- Statement of Appointment Form (PHS 2271)
- Termination Notice (PHS 416-7)

Payback Agreement (PHS 6031)—This agreement is available for download/printing with instructions for signing and submitting the agreement via postal mail. xTrain will populate the basic information prior to printing.

**NOTE:** The Signing Official (SO), Administrative Official (AO) and Accounts Administrator (AA) can grant Business Official (BO), Principal Investigator (PI) or Assistant (ASST) roles to individuals within the grantee institution. Signing Officials can also give Business Official privileges to themselves. Trainees without eRA accounts will be invited to register as part of the xTrain appointment process.

For more information on xTrain external user roles and the actions they can take, see the eRA Commons Roles list at [http://era.nih.gov/files/eRA_Consmons_Roles.pdf](http://era.nih.gov/files/eRA_Consmons_Roles.pdf)
3.4 508 Compliance

The xTrain module meets the compliance regulations of section 508. The standard makes products accessible to people with disabilities, including those with vision, hearing, and mobility impairments.
4 Accessing xTrain

Access xTrain from eRA Commons. You need an eRA Commons account to use xTrain.

See the eRA Commons online help for details on accessing eRA Commons and obtaining a Commons user account. Look for sections on:

- About eRA Commons
- Loggin into eRA Commons
- Welcome to eRA Commons

To login to xTrain:

2. Once logged in, navigate to xTrain.

When you access xTrain, the system displays the appropriate screen based on your role. The table below lists external user roles and the default screen displayed at xTrain access for the user role.

*Table 2: Initial xTrain Access*

xTrain only populates lists with grants associated with the eRA Commons account with which you are logged in. If you have multiple eRA Commons accounts, you may need to merge the historical information associated with your accounts.

4.1 Accessing xTrain with Multiple PI Affiliations

Principal Investigators (PIs) affiliated with more than one institution can select which institution to work with after logging into commons.

1. Log into Commons.
If affiliated with multiple institutions, the name of the default institution displays as a link within the Welcome section located in the upper right corner of each Commons page.

2. Click on the link displaying the name of the institution.

2. The **Change Affiliation** screen opens. This screen lists the names of all institutions with which you are affiliated.
3. Select the radio button of the institution.
4. Click the **Submit** button.

5. The **Commons** home page displays with the **Institution** field updated to the selected affiliated institution.

The grant information displayed in the various Commons modules will be for the selected institution only. Repeat the steps above to switch to another institution.

**NOTE:** Changing the institution can be done from any screen in Commons. The **Welcome** area in the upper right displays the Institution name as a link on all screens, not just on the **Commons** home page.
4.2 Accessing xTrain – PD/PI

PD/PI users are brought to the My Grants screen when the xTrain tab is selected. This screen displays all training grants for which the user is listed as being the PD/PI.

Clicking on any Grant Number takes the user to the Grant Summary screen.

Estimated Number (#) of Trainees refers to the number of slots available for the specified training period. The Number (#) of Accepted Appointments refers to the number of paper or electronic appointments already accepted by the Agency for the specified training period.

Clicking on a Grant Number link retrieves the Commons PI View screen, which provides grant information for that project. PDF versions of Appointments and Termination Notices can be retrieved when the link is selected.
Click the View Trainee Roster link on the My Grants screen to view the Trainee Roster screen. Clicking the View Pending Submissions link on the My Grants screen lets PD/PI users submit more than one appointment at a time instead of individually.
For a listing of the columns and what links they might contain, see the topic titled, *Trainee Roster Fields*.

### 4.3 Accessing xTrain – ASST

PD/PI delegates (ASSTs) see the *My Grants* screen when they access xTrain, and the screen contains the *My Grants – Select Delegator* section where they can choose a delegator.

If multiple PD/PIs have delegated xTrain authority to the same ASST, the ASST must select a specific PD/PI from the drop-down list and then click *Select Profile*. 
4.4 Accessing xTrain – Trainee

Trainees can see the My Appointments and Terminations screen, which displays the Trainee’s Appointments and Terminations and allows the trainee to process them, if necessary.

4.5 Accessing xTrain – PD/PI and TRAINEE Roles

In some circumstances, an individual may have both the Trainee and PD/PI roles. If the trainee has applied for a fellowship or another award from the Agency in the past, he or she will see both the My Appointments and Terminations screen and the My Grants screen. The default screen after login is the My Grants screen.

4.5.1 View Trainee Roster as PD/PI

On the My Grants screen, click the View Trainee Roster link to view the Trainee Roster screen.
The system displays the Trainee Roster screen. Refer to the section/topic titled Accessing xTrain – PD/PI for more information on the Trainee Roster screen.

### 4.5.2 View My Appointments and Terminations as Trainee

To view any appointments and/or terminations, click on the My Appointments and Terminations tab under the xTrain tab.

The system displays the Trainee Appointments and Terminations screen.
To return to the *Trainee Roster* screen, click on the **My Grants** tab under the **xTrain** tab. Then click on the **View Trainee Roster** link.

### 4.6 Accessing xTrain – Admin (SO, BO)

After accessing xTrain, Admin users (BO, SO) see the *List of Grants* screen.
5 Account Setup

5.1 Account Setup – PD/PI

eRA Commons users with the SO role or AA role can create accounts with Trainee, BO, PD/PI or ASST roles or they can add these roles to existing accounts. Trainees without eRA accounts will be invited to register as part of the xTrain appointment process.

NOTE: If the trainee has already been appointed and is being extended for additional time, do not use the Create New Appointment link. Instead use the Re-Appoint 2271 link in the Actions column. If you create a new appointment for an existing trainee, the appointment will be converted to a reappointment on the 2271 form.

To initiate an eRA Commons account for a Trainee as part of the xTrain process, complete the following steps.

1. Click the View Trainee Roster hyperlink on the My Grants screen.
2. On the Trainee Roster screen, the PD/PI or the Delegate will click **Create New Appointment** hyperlink under the desired budget period they want to add Trainee.

3. Click the **Identify Trainee** hyperlink from the Trainee Roster screen.

4. Provide search criteria then click **Search** button.
NOTE: Wild-card character (%) is allowed after the first three letters of the Last Name.

5. If no records are found, you can refine the search and try again. OR...
6. If unable to find a match, select Create New Trainee Profile button.

7. Provide required info then click Continue button.
The *Statement of Appointment* screen will appear.

![Statement of Training Appointment](image)

Here are the Business Rules for bottom portion of the Statement of Appointment Form.

1. Period cannot exceed 12 months and the start date must fall within the budget period.
2. The Stipend level must be entered for everyone except for scholars and participants. Must be appropriate to trainee degree and experience.
3. Users enter salaries/other compensation for a whole or partial year for scholars or participants.
4. Must recalculate date if calendar boxes are used.

7. Enter in all the required fields. Then click the appropriate Save button.

8. The Invite Trainee to Register screen has 2 option buttons:

   a. Invite Trainee Now
   b. Invite Trainee Later

If the Invite Trainee Now button is selected, the system sends an email to the Trainee. Within the email will be a hyperlink to begin Creating a New Account.

If the Invite Trainee Later button is selected, you will return to the 2271 form. The Re-invite Trainee button will appear at the bottom of the 2271 form for future use.
Processing of the 2271 form cannot be continued until the Trainee has registered. This event appears in the 2271 Routing History.

### 5.2 Account Setup – Trainee

The Program Director/Principal Investigator (PD/PI) initiates the Trainee’s training appointment within the xTrain system and routes the Appointment Form (2271) to the Trainee. The Trainee uses xTrain to complete the form and route it back to the PD/PI with his or her electronic signature. A similar process is used again at the end of a Trainee’s Appointment with a Termination Notice.

**NOTE:** Trainee must be a U.S. citizen or permanent resident at the time of the appointment.

#### 5.2.1 Setting Up eRA Commons Account

If you already have an account, the Trainee role will be added, and you will be asked to update your Personal Profile.

If you do not have an eRA Commons account, the xTrain system will automatically send you an e-mail with a link and instructions for registering in Commons as part of the Appointment or Termination process.
5.3 Account Setup – Trainee from the Account Management Tab

An SO or other Commons user with Administrative roles can use the eRA Commons Create Account screen to create or manage a Trainee account from the Account Management tab using a similar process as in the xTrain module.
For more information on setting up trainee accounts, please refer to the Account Management System (AMS) online help.
6 Personal Profile

The Personal Profile module in Commons is the central repository of information for all Commons registered users. It is designed so that individual eRA system users hold and maintain ownership over the accuracy of their own profile information. This profile information is then integrated throughout eRA’s systems and used for a variety of agency business such as peer review, application data, and trainee data.

Personal profile information is used to pre-populate appointment and termination forms in xTrain. The xTrain system will check to ensure that you have provided all the necessary information prior to routing your xTrain forms back to the PD/PI.

6.1 Personal Profile Fields Checked by xTrain

6.2 Disadvantaged Background

To provide guidance in answering this question, the Trainee-Specific Information screen provides a link to further information on disadvantaged background. As of the date of this publication, disadvantaged backgrounds are described as follows.

NIH defines individuals from disadvantaged backgrounds as:

1. Individuals who come from a family with an annual income below established low-income thresholds. These thresholds are based on family size, published by the U.S. Bureau of the Census; adjusted annually for changes in the Consumer Price Index; and adjusted by the Secretary for use in all health professions programs. The Secretary periodically publishes these income levels at [http://aspe.hhs.gov/poverty/index.shtml](http://aspe.hhs.gov/poverty/index.shtml).
2. Individuals who come from an educational environment such as that found in certain rural or inner-city environments that has demonstrably and directly inhibited the individual from obtaining the knowledge, skills, and abilities necessary to develop and participate in a research career. The disadvantaged background category applies only to NIH diversity-related programs focused on high school and undergraduate candidates.
Under extraordinary circumstances the PHS may, at its discretion, consider an individual beyond the undergraduate level to be from a disadvantaged background. Such decisions will be made on a case-by-case basis, based on appropriate documentation. Trainees beyond the undergraduate level should consult with their training grant PD/PIs for further instructions.

6.3 * List of Degrees

xTrain will check Degree information as part of the Appointment process as follows:

- PRE-BACCALAUREATE: does not have a Bachelor’s degree
- PRE-DOC: must have a Bachelor’s Degree or equivalent
- POST-DOC: must have a PhD, MD, or equivalent

**NOTE:** Trainee should provide information on degrees in progress and their expected completion date.

Use the **Add a Degree** button to provide new or additional degree information.
For more information on the Personal Profile Module, please refer to the Personal Profile topic in the Commons online help.
7 Search for WIP Appointments and Terminations - SO/BO

When a user with the BO or SO role accesses xTrain, the List of Grants screen is the default screen. There is a Search for WIP Appointments and Terminations tab that when clicked displays the Search for WIP Appointments and Terminations screen. This screen provides the user the ability to find appointments, re-appointments, amendments and termination notices that are Work in Progress (WIPs). That is, the Appointments and Termination Notices are still in the process of being submitted or, if already submitted, not yet accepted.

1. To access the screen, click the Search for WIP Appointments and Terminations tab.

![Search For WIP Appointments and Terminations screen]

The Search Criteria include Trainee Last Name, Trainee First Name, Grant # Type, Activity Code, IC, Serial Number, Year, Suffix, PD Last Name, and PD First Name. If the ARRA Funded Only check box is selected, the system only displays ARRA funded grants.

NOTE: A red asterisk (*) next to the field name indicates a required field. Of these search fields, IC (Institute/Center) field is required.

2. Enter the appropriate search criteria.

In addition, the system requires searching by WIP Record Status.

The WIP Appointment statuses are:

- In Progress PI - The PD/PI is the current reviewer of the form.
- In Progress Trainee – The trainee is the current reviewer of the form.
- All WIP Records- The system displays all in progress records if appropriate.

The WIP Termination statuses are:

- In Progress PI - The PD/PI is the current reviewer of the form.
- In Progress Sponsor – The Sponsor is the current reviewer of the form.
3. Select the appropriate appointment or termination status.

4. Click the **Search** button to execute the search or click the **Clear** button to clear out the search criteria.

When the **Search** button is clicked, the system displays the search results. If no records are found, the system displays the following message: *No records returned. Refine the search and try again.*

8 Appointments

A trainee may be appointed at any time during the grant budget period for an appointment period of 9 to 12 months (for T-activity codes that are not T35), without prior approval by the NIH awarding office.

The time period may be different for scholars appointed to institutional career development awards and participants appointed to research education awards.

At the time of the initial appointment and any subsequent reappointment, the training PD/PI must submit a Statement of Appointment to the NIH awarding office. The Statement of Appointment includes biographical and other information on the trainee and the stipend level for the period of appointment.

In addition to the Statement of Appointment, a signed Payback Agreement must be submitted for each postdoctoral trainee who is in his/her first 12 months of Kirschstein-NRSA postdoctoral support.

For more information concerning the 2271 form, see Appendix A – Statement of Appointment (Form PHS 2271) in the external xTrain user guide located at http://inside.era.nih.gov/files/xTrain_UG_v2.26.0.0.pdf.
8.1 Create New Appointment by PD/PI

To create an appointment, the PD/PI (program director/principal investigator) does the following:

1. Log into eRA Commons and select xTrain to display the My Awards screen. You are presented with a list of your grants.
2. Choose a grant and click the View Trainee Roster link.

NOTE: Appointments are synchronized into XTRACT. If appointments are made via xTrain, those appointments will be reflected on the RTD in XTRACT.

3. Click the Create New Appointment link next to the desired grant.

NOTE: If the trainee has already been appointed and is being extended for additional time, do not use the Create New Appointment link. Instead use the Re-Appoint 2271 link in the Actions.
column. If you create a new appointment for an existing trainee, the appointment will be converted to a reappointment on the 2271 form.

4. Enter the Trainee Commons User ID in the **Trainee User ID:** field, then click the **Continue** button. The system associates the Trainee with the grant and displays the **Statement of Appointment** screen.

![Image of Trainee Commons User ID screen]

**NOTE:** If the PD/PI does not have the **Trainee User ID:**, click on the Identify Trainee link to enter other search parameters to help locate an existing **Trainee User ID:** or click **Create New Trainee Profile** to create a new trainee profile.

![Image of Identify Trainee screen]

After identifying a Trainee, you are presented with a **Statement of Training Appointment 2271** form with some fields pre-populated from the Trainee’s Personal Profile.
In **Education/Career Level**, the PD/PI should specify the trainee's current education level, because this field is not populated from the Personal Profile.

Below are the Business Rules for bottom portion of the Statement of Appointment Form.

- Period cannot exceed 12 months and the start date must fall within the budget period.
- The Stipend level must be entered for everyone except for scholars and participants. Must be appropriate to trainee degree and experience.
- Users enter salaries/other compensation for a whole or partial year for scholars or participants.
- Must recalculate date if calendar boxes are used.

5. Fill out the additional required (*) information in the Period of Performance and Support for Period of Performance sections, and click Save to save the form.

Additional action buttons appear at the bottom of the form after the initial save. Once the form is complete, click the **Save & Route to Trainee** button. The system will check the form prior to routing. Any identified errors must be corrected prior to routing. Warnings may be addressed at your discretion.

6. Provide comments to be sent via e-mail to the next recipient of the form, and then click the **Continue** button.

**NOTE:** You can also see comments from the Routing History. The **Comments** text box is limited to 2000 characters.
7. After the *Appointment Initiation Confirmation* notice appears, click the **Done** button.

![Route to Trainee Confirmation]

8. The status of 2271 is changed to **In-Progress Trainee**.

![Appointment Form Status]

After receiving an email about the appointment and logging into xTrain, the trainee reviews and completes the necessary information. The Trainee then routes the 2271 back to the PD/PI.

The system will check the form, and any identified errors must be corrected prior to routing. Warnings may be addressed at your discretion. If no errors are encountered, the appointment status becomes In-Progress PI.

![Appointment Form Status]

9. To complete the Appointment, review the 2271 form one last time by clicking the **Process 2271** link, and then click the **Save & Submit to Agency** button.
10. Optional comments (up to 2000 characters) can be included in an e-mail message sent to the Agency. If desired, enter comments into the comments field and click the Continue button.

11. Click the I Accept button.

12. Click the Done button, which will record your electronic signature, and display the Submit to Agency Confirmation screen.
13. In addition to confirming the submission of the appointment, the *Submit to Agency Confirmation* screen provides reminders about any further action that may be needed:

- **Pre-doc Appointments** – No further action is needed, unless confirmation of permanent residency status is required.
- **Post-doc Appointments**:
  - For those entering their initial year of Kirschstein-NRSA post-doc support, mail the original signed Payback Agreement (6031) form to the awarding NIH Institute or Center
  - Mail confirmation of permanent residency, if needed

14. The xTrain system checks the form. If error free, the form is routed, and the status of 2271 is changed to **Pending Agency Review**.

15. The PD/PI mails any required documentation or forms to the awarding institution.

16. The Agency can accept the appointment, place it on hold, hold it for a paper signature, delete it, view the PDF file, or route it back to the institution by clicking the appropriate button on the screen. These buttons are available, and made active based on roles.

### 8.1.1 Submit Appointments to the Agency Using the Batch Process

The PD/PI also has the ability to submit appointments to the Agency several at a time through the batch process instead of individually. If there is an error or a warning, the PD/PI is able to review errors and warnings for each appointment. The PD/PI can also enter a comment for each appointment.

To submit Appointments to the Agency through the batch process:

1. Open the *My Grants* screen.
2. Click the **View Pending Submissions** link for a grant.

The Pending Submissions screen appears.

3. Click the **Select All** button to choose all of the pending submissions or select the check box for a particular record.

4. Enters comments as necessary per record.

4. Click the **Submit** button.

**NOTE:** If a validation error is generated for one appointment, amendment or re-appointment in the batch, the PD/PI is presented with an option to de-select this appointment, amendment or re-appointment from the batch and re-submit all other appointments that do not have errors or that only have warnings.

### 8.2 Process New Appointment by Trainee

Trainee users are brought to the **Trainee Appointments and Terminations** screen when the **xTrain** tab is selected.
Click the **Process 2271** link to access the Appointment form. The 2271 form is opened and pre-populated with personal information pulled from the Trainee Profile and appointment information entered by the PD/PI.

If applicable, the Trainee must select the appropriate Specialty Boards and indicate if enrolled in a dual-degree program.

Prior Kirschstein-NRSA Support information is pulled from the profile. To correct or update this information, go to Admin - Account - Verify NIH Support and enter a grant number. It is here that
the Trainee would review the remaining information on the form and contact their PD/PI with any concerns.

If time does not permit, or if all required (*) information is not readily available, the Trainee can click the **Save** button at any time and complete the form later if need be. Once complete the Trainee should click the **Save & Route to PI** button to continue the Appointment process.

When the Trainee clicks the **Save & Route to PI** button, the system will validate the information contained in the 2271 form and will flag any Errors or Warnings found. Errors must be corrected before the Appointment is routed. Warnings are corrected at your discretion.

Optional comments (up to 2000 characters) can be included in e-mail message sent to PD/PI. Once any comments have been entered click the **Continue** button.
The Route to PI Confirmation screen will record your electronic signature when you click the I Accept button.

Click the Done button to finish. xTrain will then change the Appointment Status to In Progress PI.
8.3 Reappointments

Trainees whose appointments are coming to an end can be reappointed to grants that have future award years.

**NOTE:** If the preceding appointment was submitted via a paper form, then a new appointment has to be completed rather than a reappointment.

To reappoint a Trainee:

1. Access the xTrain module.
2. Access the *Trainee Roster* screen.
3. Click the **Re-Appoint 2271** link for the specific Trainee in the Action column.

The system displays the *Statement of Appointment* screen. There is a Grant or Supplement Available for Re-Appointment drop down from which the PD/PI must select the appropriate grant or supplement to which the trainee can be appointed.

Follow the steps for Appointments, but here are some key things to note while completing the form:

1. The **FROM** date should be within the budget period of the grant for the reappointment.
2. The format of the date fields is MM/DD/YYYY.
3. After the dates are entered, press the **Save** button to have the stipend amounts for the new fiscal year appear in the drop-down menu.
4. Select the appropriate stipend amount.
NOTE: For partial years, the stipend amount can be adjusted. No commas or decimals are allowed in the Stipend Amount field.

5. After all required fields are entered for the re-appointment, follow the steps for routing and submitting the re-appointment in the Appropriate section.

NOTE: Reappointments follow the same process as Appointments. To access the Re-Appoint 2271 form, if necessary, click http://grants.nih.gov/grants/forms.htm. To access the Re-Appoint 2271 form’s instructions, if necessary, click http://grants.nih.gov/training/phs2271.doc.

8.4 Amendments

Once an appointment is accepted by the Agency, an amendment is required in order to change any of the following items:

- Name
- Permanent Mailing Address
- Appointment Period
- Support from the Grant

NOTE: Some changes, such as name or mailing address, will also need to be updated by the Trainee under Personal Profile within eRA Commons.

The user must be a PD/PI or Delegate (ASST) to amend a 2271. To create an Amendment:

1. Click the Amend 2271 link on the Trainee Roster screen in xTrain.

NOTE: Only appointments can be amended. Fellowships cannot be amended.

2. The original 2271 as it was submitted will be displayed.

3. When you view the 2271 PDF file, there will be an Amendment section appended at the end.

If a Kirschstein-NRSA research training appointment is ending earlier than initially planned, the PD/PI should initiate a Termination, which will automatically amend the appointment and capture the new end date.
For institutional career development and other non-NRSA appointments ending early, the PD/PI should document the new appointment end date by amending the appointment, unless specifically instructed to use the Termination Notice by the NIH awarding Institute and/or Center (IC). Refer to Section on Terminations for additional information.

**IMPORTANT: Original Appointment**

![Image](image-url)

**NOTE:** The Amendment Section appears at the bottom of the PDF.

![Image](image-url)

4. Make the desired updates by entering them into the Editable Amendment section.
5. Click Save.

**NOTE:** Amendments follow the same process as Appointments.
8.4.1 ARRA - Ability to Reappoint Trainee to a Supplement

xTrain will now look at both the support year of the grant and the suffix code. The system will have the capability to reappoint a Trainee to a supplemental year as well as the next award year. To perform this action, the user will now have a drop-down selection of grant numbers to which the Trainees can be reappointed, but only on the Reappointment form. The system will also allow reappointment of the Trainee to the current year if the current year is for an ARRA-funded grant.

Additionally, the Trainee Roster can now be sorted so that the newest grant is listed first and the oldest grant is listed last.
9 Terminations

The Termination Notice documents the termination of NRSA fellowships and appointments to NRSA training grants.

It may also be used to document the termination of appointments to non-NRSA institutional research training programs (e.g., NLM T15’s), research education awards (e.g., R25), and institutional career development awards (e.g., K12).

For non-NRSA awards, please refer to the Funding Opportunity Announcement or Notice of Award to determine whether a termination notice is required.

Note that the flow below is for institutional research training programs. The flow for terminating fellowships, career development awards and research education awards, if applicable, differs.

Termination Process Flow
9.1 Who Can Initiate/Submit Termination Notices

xTrain users with the following eRA Commons roles can initiate a termination notice:

- Principal Investigator (PI) – this role includes Fellows
- Assistant (ASST) with a PD/PI xTrain-delegated role
- Business Official (BO)
- Sponsor (for fellowships)
- Sponsor Delegate (for fellowships)

Only the BO can submit a Termination Notice (TN) to the Agency for NRSA appointments and fellowships.

Only the PD/PI can submit a Termination Notice for career development awards (e.g. K12, KL2, and KM1) and research education awards (e.g. R25, R90). The BO is not involved.

For Federal and Foreign fellowships, the PD/PI (Fellow), and the Sponsor can submit the Termination Notice. For more information see Appendix B – Termination Notice (416-7 Form).

9.2 Initiate a New Termination Notice for Appointments– PD/PI

To initiate a Termination Notice as a PD/PI:

The PD/PI logs into eRA Commons and selects the xTrain tab that displays the My Grants screen. The PD/PI is presented with a list of his/her grants.

The PD/PI chooses a grant and clicks on the View Trainee Roster link.

The PD/PI locates the trainee on the Trainee Roster screen and clicks the Initiate TN link.

**NOTE:** The Initiate TN link in the Action column of the Trainee Roster screen will not display if there is an existing WIP appointment for the same Trainee.

The PD/PI is then presented with a Termination Notice (Form 416-7) with some fields pre-populated with already available data from the system.

NOTE: The PD/PI must select the name of the business official (BO), who will submit the termination notice to the agency.

Here are some key things to note before completing the form:

1. The Termination Date format is MM/DD/YYYY.
2. No commas or decimals are allowed in the Amount of Stipend/Salary field.
3. All comment text boxes are limited to 2000 characters.
4. The Termination Notice can only be modified once.
5. Only the business official can submit the Termination Notice to the Agency for NRSA appointments and fellowships. For career development awards (e.g. K12, KL2, and KM1) and research awards (e.g. R25, R90), only the PD/PI can submit the termination notice.
6. Only the principal investigator (PI) can modify the stipend on an early termination for T, K and R grants—delegates cannot modify the stipend. On fellowships, the business official can make changes as well.

9.2.1 Early Terminations

If a Trainee terminates early, only the Appointment that is being terminated, as well as all previous Appointments, will get terminated with the early termination date. Any future Appointments, including the ones in the same budget period, will not get terminated.

NOTE: Only whole numbers are allowed in the Amount of Stipend Salary field. Only the principal investigator (PI) can modify the stipend on an early termination for T, K and R grants—
delegates cannot modify the stipend. On fellowships, the business official (BO) can make changes as well.

If the Appointment is ending earlier than initially planned, use the **Modify Termination Date** button to adjust the last Appointment period. The system will automatically amend the Appointment End Date and will recalculate the stipend.

**NOTE:** When the end date is modified, and the appointment is for a partial year, sometimes the recalculated stipend amount will differ from the stipend amount calculated by the institution. The institution can modify the stipend based on its calculation. The Agency will approve the modified stipend, if it is within an appropriate range.

**NOTE:** The **Termination Date** format is MM/DD/YYYY.
1. The PD/PI fills out additional required (*) information and then clicks the **Save** button. The status of the TN is changed to **In Progress PI**.

2. To continue to process the TN, scroll down to the bottom of the form where additional buttons now appear or you can open the form later from the **Trainee Roster screen** as described below.

3. From the **Trainee Roster screen**, the PD/PI clicks the **Process TN** link to open the form. If time does not permit, or if all required (*) information is not readily available, the PD/PI can click the **Save** button at any time and complete the form later if need be. Once complete the
PD/PI should click the **Save & Route to Trainee** button, which is now visible on the bottom of the **Trainee** screen to send the form to the Trainee.

4. The PD/PI is given an opportunity to provide comments (up to 2000 characters) to be included in the e-mail message that will be sent to the Trainee. If desired, enter comments and then click the **Continue** button.

![Provide Comments](image)

5. When the **Termination Notice Confirmation** screen appears, click the **Done** button.

![Termination Notice Confirmation](image)

6. At this point, the status of the Termination Notice (TN) is changed to **In Progress Trainee**. If no action is taken by Trainee in 14 business days, the system will automatically route the form back to the PD/PI, send a notification to PD/PI, and change the status of the TN to **In Progress PI**.

![Termination Notice](image)

**NOTE:** The PD/PI should make every effort to have the Trainee update their Personal Profile screen within Commons, specifically update their email address with their new (forwarding) email.
address, before the Trainee leaves the Institution. Otherwise, the PD/PI needs to know, and be able to provide, a forwarding email address for the Trainee to be entered within the Termination Notice.

7. From the Trainee Roster screen, the PD/PI should click the Process TN link to open the form once the trainee fills out the required information.

8. PD/PI reviews the form and clicks the Save & Route to BO button at the bottom of the screen to send the form to the BO.

9. PD/PI is provided opportunity to provide comments (up to 2000 characters) to be included in e-mail message sent to BO. If desired, enter comments and then click the Continue button.

10. Click I Certify button. This will record your electronic signature.
11. Click the **Done** button.

12. Status of TN is changed to **In Progress BO**.

### 9.3 *Process Termination Notice – Trainee*

To process a Termination Notice as a Trainee:

1. From the *Trainee Appointments and Terminations* screen, the Trainee clicks the **Process TN** link to access the form.

2. The Termination Notice is opened and pre-populated with information pulled from the Trainee profile and data previously entered by the PD/PI.

January 12, 2021
A summary of the **Training Received** and research undertaken by the Trainee is added to the Termination Notice either in the **comment** field or via a file upload. To upload a file, click the **Browse** button and select the desired PDF formatted file from your personal file directory.
3. The Trainee fills out the required (*) Termination Notice (TN) information and clicks the **Save & Route to PI** button. The system will run a quick validation process and present any errors or warnings to be addressed by the trainee before it is routed to the PI. If all required fields are complete, the form is routed to the PI and the Trainee’s electronic signature is recorded and the Termination Status is changed to **In Progress PI**.

**NOTE:** The Trainee’s mailing and email address need to be ones where they can be reached after their training has been terminated.

4. Additionally, the trainee should update their information in the **Personal Profile** section within Commons and should know how to contact the Service Desk if the list of prior Kirschstein-NRSA support is incorrect.

5. The Trainee is provided an opportunity to provide comments. **Comments:** (up to 2000 characters) will be included in an e-mail message sent to the PI. Click Continue.
6. Click the I Certify button. This will record your electronic signature.

7. Click the Done button.

8. The status of the TN is then changed to In Progress PI.

If no action is taken by the PI within 14 business days, the system will automatically route the form to the Business Official (BO), send a notification to the BO, and change the status to In Progress by BO.
NOTE: If a TN is sent back to an Institution by the Agency and the TN has a status of **In Progress BO**, the PI is able to recall the TN.

NOTE: The PD/PI should make every effort to have the Trainee update their *Personal Profile* screen within Commons, specifically update their email address with their new (forwarding) email address, before the Trainee leaves the Institution.

### 9.4 Process New Termination Notice – BO

To create a Termination Notice as a BO:

1. If you have the BO role, you see the List of Awards search screen upon login. Provide search criteria, such as the PD last name, and click the **Search** button.

2. Select the **View Trainee Roster** link.

3. From the *Trainee Roster* screen, BO clicks the **Process TN** link to open the form.
4. BO reviews TN and clicks the **Save & Submit to Agency** button at the bottom of the screen.

5. BO is provided opportunity to provide comments (up to 2000 characters) to will be included in e-mail message sent to the Agency. If desired, enter comments and then click the **Continue** button.

6. Click the **I Certify** button. This will record your electronic signature.
7. Click the **Done** button.

**NOTE:** The Business Official (BO) is the only one who can submit a Termination Notice (TN) to the Agency for final processing and acceptance.

8. Status of TN is changed to **Pending Agency Review**.

9. Agency can Approve the TN, Place on Hold, or Return to Institution with comments.

### 9.5 Terminating Fellowships

Users can also initiate and submit termination notices for fellowships via xTrain. Once the Fellowships are terminated, they will be automatically closed. As with training appointments, institution users will be able to terminate Fellowships early. Internal users will not be able to accept the TN until the Fellowship award is revised to show the new end date.
9.5.1 Initiating a Termination Notice for Fellowships

The Termination Notice for a Fellow can be initiated by the PD/PI (Fellow), business official (BO), Sponsor or Sponsor Delegate. The flow diagram indicates the preferred process: the Fellow initiates the termination notice; the Sponsor routes and certifies it; and the business official submits it to the Agency.

The individual that initiates the award termination is the *user*.

- The user locates the most recent Fellowship on the Trainee Roster screen.
- The user selects the Initiate TN link for the appropriate Fellowship to be terminated.
- The user is presented with a Termination Notice (PHS 416-7) with fields pre-populated with data from the eRA system.
- The Modify Termination Date button within the Termination Notice can be used for early terminations of the Fellowship.
- The user reviews the Termination Notice and makes any necessary edits/additions (such as updating the email address of the PD/PI (Fellow) and entering/uploading the training
provided), selects the BO who could Submit the form, and then presses Save to retain the form.

**NOTE:** For Federal or Foreign (the Institution is outside the US) Fellowships, the PD/PI (Fellow), and the Sponsor, as well as the BO can submit the Termination Notice.

- The Termination Status is set according to the role of the individual who initiated it: *Either In Progress PI, In Progress Sponsor, or In Progress BO.*

**NOTE:** Additional action buttons appear at the bottom of the form.

- The user decides who will be the next reviewer of the Termination Notice, and routes it to that individual.
  - The Fellow can route it to either the Sponsor or the BO. The Termination Status is set to either In Progress Sponsor or In Progress BO, depending on who will be the next reviewer.
  - NOTE: It is preferable that the Fellow route the Termination Notice to the Sponsor.
  - The Sponsor can route it to either the Fellow or the BO. The Termination Status is set to either In Progress PI or In Progress BO, depending on who will be the next reviewer.
  - At least one individual in addition to the person who initiated the Termination Notice should review the Termination Notice.
  - The system runs the validation process and presents any errors or warnings to be addressed. Any errors must be corrected prior to routing. If error-free (warnings are OK), the form is routed. The Electronic Signature of the user is recorded, and the Termination Status is changed to that of the next reviewer.
  - Except for Foreign or Federal Fellowships, the Fellowship must be routed to the BO for submission to the Agency.
  - Only the principal investigator (PI) can modify the stipend on an early termination for T, K and R grants—delegates cannot modify the stipend. On fellowships, the business official can make changes as well.

**NOTE:** (If no action is taken):

- Termination Notices are automatically routed from the Sponsor to the BO after 14 days
- Termination Notices are automatically routed from the PD/PI (Fellow) to the BO after 14 days
9.5.2 The BO Reviews and Submits the TN to the Agency

- The BO logs into eRA Commons, selects the xTrain tab and is presented with a Search screen. The BO enters search criteria and clicks Search. The BO selects the View Trainee Roster link for the grant.
- From the Trainee Roster screen, the BO clicks the Process TN link to open the form. The BO reviews the TN and clicks the Save & Submit to Agency button.
  - The system runs the validation process and presents any errors or warnings to be addressed by the BO.
  - If error-free (warnings are OK), the form is submitted, the BO’s Electronic Signature is recorded and the Termination Status is changed to Pending Agency Review.

9.5.3 The Agency Processes the TN

1. The Agency can accept the Termination Notice or return it with comments.
2. The Agency cannot immediately accept the TN if the end date of the Fellowship was modified and the stipend does not agree with the Notice of Award (NoA). In such a situation, the Agency user has to put the Termination Notice on hold until the NoA is modified.
10 Other Functions

Like most actions taken within the eRA Commons system, most functions are based on user roles and the associated authority as it relates to a specific role.

10.1 Delegation – ASST Role

A PD/PI can delegate to an Assistant the authority to perform all xTrain-related functions on their behalf except for the authority to submit Appointments, Amendments and Reappointments to the Agency.

ASSTs with xTrain delegation can perform all other PD/PI functions prior to submission. ASSTs will receive the same e-mail notifications as the PD/PI.

eRA Commons allows PD/PIs to delegate several types of authority (e.g., PPF, Progress Report, xTrain, Status). Currently, each type of authority must be delegated separately.

The institution’s Signing Official (SO) must add the ASST role to the individual’s existing eRA Commons account or create an eRA Commons account with the ASST role for the individual if he/she does not already have an account.

10.1.1 Assign Delegation

1. After logging into eRA Commons, PD/PI selects Admin in eRA Commons navigation at the top of the screen. Then select the Delegation sub-menu.

The system displays the My Delegates screen.

2. Click the Search or Add Delegate link.
3. Search for the appropriate person and click the Select button to select the appropriate person on the Search for Delegates screen.

The Delegate Authority (Authorities) screen appears.

4. Check the xTrain box and click the Save button on the Delegate Authority (Authorities) screen.
For more information on delegations, refer to the section titled *Delegations* in the Commons user guide located at [http://era.nih.gov/docs/COM_UGV2630.pdf](http://era.nih.gov/docs/COM_UGV2630.pdf).

### 10.1.2 Remove Delegation

1. In eRA Commons, the PD/PI selects the **Admin** from eRA navigation at the top of the screen and selects the **Delegations** sub-menu.
2. On the *My Delegates* screen, the PD/PI selects the appropriate user.
3. On the *Delegate Authority (Authorities)* screen, the PD/PI un-checks the **xTrain** box and clicks the **Save** button.

For more information, refer to the section titled *Delegations – Remove Delegations* in the Commons user guide located at [http://era.nih.gov/docs/COM_UGV2630.pdf](http://era.nih.gov/docs/COM_UGV2630.pdf).

### 10.2 Training Grants

#### 10.2.1 View Training Grants for SO/BO

Users with the SO or BO roles can see the **List of Grants** screen.

To view the **List of Grants** screen:

1. Access the Commons system at [https://commons.era.nih.gov/commons/](https://commons.era.nih.gov/commons/).
2. Click **xTrain** in eRA Commons navigation.

The **List of Grants** screen displays training grant query parameters.
3. Complete the appropriate text boxes and click the **Search** button.

The system displays query results as a list of training grants.

**NOTE:** All projects displayed represent awarded training grants.

### 10.2.2 Viewing Training Grants for More than one PD/PI

An Assistant (ASST) can have xTrain privileges delegated from more than one PD/PI. These users can view training grants assigned/associated to each delegating PD/PI.

For an ASST user with multiple delegated privileges, xTrain displays the *My Grants* screen with a drop-down box listing PD/PI names.

The *My Grants* screen displays a list of PD/PI names.

Select a PD/PI name from the drop-down list.

The *Grant Summary* screen displays a list of grants for the selected PD/PI.
10.3 View 2271 and View TN PDF

Any xTrain user can click View 2271 PDF link or View TN PDF link on the Trainee Roster screen to look at the most recent Appointment or Termination form.

If it is not yet submitted to Agency (or if previously submitted on paper), the system creates the view on the fly, pulling the most current information from the profile/database and including any entered data.

If it is already electronically submitted, a snapshot of the form at time of submission is displayed.

The xTrain module displays the most recently OMB-approved form; for historical paper submissions, the form may not look identical to the one submitted.

10.4 View Routing History

The View Routing History link is available throughout many of the xTrain processes. This link provides event history and includes routing comments. The link can be accessed from within forms or from the Appointment/Termination Status screen.
NOTE: The text listed under the **Action Comments** field includes information that was entered by users in the **Provide Comments** screen.

### 10.5 View Grant Summaries

On the **My Grants** and **List of Grants** screens, the grant number is a link that takes the user to the **Grant Summary** screen when clicked. To view a grant summary from the **My Grants** or **List of Grants** screens, click the **Grant Number** to access the **Grant Summary** screen.
NOTE: Data entry for previously submitted paper actions may be still in progress.

The Grant Summary screen displays.

NOTE: Fields displayed on the Grant Summary screen cannot be edited.

10.6 View Trainee Roster

1. Click the View Trainee Roster link.
2. Make a selection from the dropdown and click the Go button.

10.7 Generate Trainee Diversity Report

You must generate a trainee diversity report for training, career development and research education awards. See guide notice NOT-OD-20-178 for a complete list of grant types that require submission of a trainee diversity report. The signing official (SO), principal investigator (PI), or an SO delegate can generate the diversity report. The link for generating a diversity report appears both on the xTrain Training Roster screen as well as the RPPR Accomplishments section.

The automatically generated report collates appointment data from xTrain as well as appointees’ personal data in the Personal Profile and formats it into a PDF report on diversity statistics of trainees. This report is automatically attached to the RPPR and submitted with the RPPR when it is submitted. The accuracy and completeness of the report is dependent on the accuracy of the personal profile information entered by appointees.

The trainee diversity data is requested in question B.4 of the Accomplishments section of the RPPR. Only those grants that require a diversity report and have available data in xTrain will show
the option for generating a diversity report. If you have used xTrain to make appointments, trainee data exists in xTrain.

**Tip:** You might see budget periods on the training roster that lack the Generate Trainee Diversity Report link. This might be because those periods are supplements. Diversity report data for supplements is reported only on the parent grant RPPR. For example, if you see a grant number ending with "15" and below it is the same grant number ending with "15S1", the diversity link would appear only for the parent grant that ends with "15".

See:

*Initiating a Diversity Report*

*Submitting the Diversity Report*

*Viewing or Resubmitting the Diversity Report*

**10.7.1 Initiating a Diversity Report**

You can initiate the generation of a diversity report either from the Trainee Roster screen of xTrain or from the RPPR (Accomplishments section, question B.4), as shown below:

Generate Trainee Diversity Report link in xTrain Trainee Roster

Generate the Trainee Diversity Report link in question B.4 of RPPR
10.7.2 Submitting the Diversity Report

When you submit the diversity report, you submit it to the RPPR, meaning it is now part of the RPPR submission package. Submission of the RPPR itself is a separate process that comes later. Once the RPPR itself is submitted, the diversity report can no longer be regenerated or resubmitted to the RPPR, as it is part of the RPPR that has been submitted to the Agency.

**NOTE:** If you go to the *Trainee Diversity Report* and see a message at top that the report was last submitted by [user] for the RPPR on [date], that means someone has previously submitted the report to the RPPR. If the RPPR was submitted after that date, you can no longer re-submit this report, as it was submitted as part of the RPPR submission.

To generate the report and attach it to the RPPR:

1. Click the **Generate Trainee Diversity Report**, either on the *Trainee Roster* screen of xTrain, or under question B.4 of the RPPR. In either case, you see the *Trainee Diversity Report* screen.

3. Click the **Submit** button in the confirmation popup.

   If the submit is successful, you are scrolled to the top of the screen where a green success message appears.

4. To return to what you were doing, click the **Go Back to Previous Page** button at the bottom of the page.

### 10.7.3 Viewing or Resubmitting the Diversity Report

If the diversity report was previously submitted to the RPPR, but the RPPR itself is not yet submitted, then you can regenerate and resubmit the diversity report. Resubmitting the diversity report copies the new one that you just generated over the one existing in the RPPR. You can resubmit the diversity report to the RPPR anytime up until the RPPR itself is submitted; after RPPR submission you can only view the diversity report.

You can also view the version of the diversity report that is currently part of the RPPR submission package.

**Viewing a diversity report that has already been submitted to the RPPR:**

1. Click the **Generate Trainee Diversity Report**, either on the *Trainee Roster* screen of xTrain, or under question B.4 of the RPPR. In either case, you see the *Trainee Diversity Report* screen:

   If the diversity report for this grant has already been submitted, you see the **View Diversity Report PDF** button, shown above.
2. Click **View Diversity Report PDF** to open the report in your system PDF viewer.

   If the diversity report for this grant has already been submitted, you see the **View Diversity Report PDF** button, shown above.

   **Tip:** If you are not sure if the submitted report is the latest, view the PDF of the previously submitted diversity report and arrange it side-by-side with the generated diversity report in xTrain to compare.

2. Scroll through the report, checking the data in the report, and click the **Resubmit for RPPR** button at the bottom of the screen.
Note: By resubmitting this report for 5T32CA009142-40, the original report will be replaced in the RPPR Section B4.
